A "PSYCHIATRIC HOSPITAL" means an entire institution which is primarily engaged in providing, by or under the supervision of a physician, psychiatric services for the diagnosis and treatment of mentally ill persons. A "NURSING HOME" means a facility or that part of a facility which provides nursing care to five or more persons. Nursing care means health evaluation and treatment of patients and residents who are not in need of an acute care facility but who require nursing supervision on an inpatient basis.

A "BOARDING CARE HOME" provides personal or custodial care only. Examples of personal or custodial care include: Help with bathing, dressing, or other personal care; supervision of medications which can be safely self-administered; plus a program of activities and supervision required by persons who are not capable of properly caring for themselves.

A "SUPERVISED LIVING FACILITY" provides a residential, homelike setting for persons who are mentally retarded, adult mentally ill, chemically dependent, or physically handicapped. Services include provision of meals, lodging, housekeeping services, health services, and other services provided by either staff or residents under supervision. Class A facilities include homes for ambulatory and mobile persons who are capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions. Class B facilities include homes for ambulatory, nonambulatory, mobile or nonmobile persons who are not mentally or physically capable of taking appropriate action for self-preservation under emergency conditions as determined by program licensure provisions.
