Ethnicity of Mother %			
Hispanic (any race)	7.7		
Not Hispanic	92.3		

Definitions

1. Number of births per 1,000 women age 15-44 years
2. Number of births per 1,000 population
3. Number of pregnancies per 1,000 women 15-44 years
4. Less than 37 weeks gestation
5. Less than 2500 grams
6. Number of live births to a specific age group per 1,000 female population of the specific age group
7. Number of pregnancies to a specific age group per 1,000 female population of the specific age group
8. Number of deaths to infants less than one year of age per 1,000 births
9. Number of infant deaths under 28 days old per 1,000 births
10. Number of fetal deaths per 1,000 births
11. Less than one year of age
