

INDIVIDUAL ASBESTOS CERTIFICATION APPLICATION

HOW TO APPLY

1. Complete the application form in black or blue ink only. A separate application form must be submitted for each discipline type. Only originals will be accepted. **Allow 2-4 weeks for processing.**
2. Include a photographic image of you alone, taken within the last 6 months. Images must be clear, front view, in street clothing without a hat or dark glasses in front of a white or off-white background. No copies accepted.
3. Include a certification fee in the form of a business check, cashier's check, or money order (no cash or personal checks accepted) made payable to the Minnesota Department of Health. Fees are nonrefundable.

Fees: \$100 for Inspector, Management Planner, or Project Designer;
 \$50 for Worker, or Supervisor;
 \$25 for a duplicate certification

There is a service fee for returned checks

4. Out-of-State Applicants: Provide a copy of all training course diplomas, including your initial training course diploma and all subsequent refresher diplomas.

5. **Mail to:** Minnesota Department of Health, Asbestos/Lead Compliance Unit, PO Box 64497, St. Paul, MN 55164-0497.

EXPERIENCE AND EDUCATION

17. Applies to initial certification applicants only. Check one of the items in the appropriate discipline section below:

Worker (check one)

- two years full-time attendance, or the part-time equivalent, in an apprenticeship program for general commercial construction trades as approved in Minnesota Rules, part 4620.3300, subp. 2;
- two years of postsecondary education with an emphasis in construction management, industrial hygiene, industrial technology safety, or physical or life science, and completed an Occupational Safety and Health Administration's (OSHA) 510 Occupational Safety and Health Standards for the construction industry course;
- a vocational training program in a construction-related discipline of not less than 18 months;
- work experience of at least 1,000 hours in general commercial construction trades.

Supervisor (check one)

- work experience of at least 2,000 hours in asbestos-related work, safety, industrial hygiene, hazardous materials control, or other general commercial construction trades;
- a bachelor's degree in architecture, engineering, physical or life science AND at least 500 hours of work experience in asbestos-related work, safety, industrial hygiene, hazardous materials control, or other general commercial construction trades;
- a master's degree in environmental health, industrial hygiene, or safety;
- completion of an apprenticeship program within the general commercial construction trades, as approved in Minnesota Rules, part 4620.3310, subpart 2.

Inspector (check one)

- work experience of at least 500 hours in the field of building inspection, asbestos-related work, safety, industrial hygiene, or hazardous materials control;
- completion of an apprenticeship program within the general commercial construction trades approved by the Minnesota Department of Labor and Industry, Division of Voluntary Apprenticeship, or registered with the United States Department of Labor, Bureau of Apprenticeship and Training;
- licensure by Minnesota as a building official;
- a bachelor's degree in architecture, engineering, industrial hygiene, industrial technology safety, or physical or life science, AND 40 hours of on-site asbestos inspection experience accompanying a Minnesota-certified asbestos inspector;
- registration or certification as a registered architect, licensed professional engineer, certified industrial hygienist, or certified safety professional.

Management Planner (check one)

- work experience of at least 1,000 hours in the field of building inspection, asbestos-related work, safety, industrial hygiene, or hazardous materials control;
- a bachelor's degree in architecture, engineering, industrial hygiene, industrial technology safety, or physical or life science, AND 500 hours of work experience in the field of building inspection, asbestos-related work, safety, industrial hygiene or hazardous material control;
- a master's degree in environmental health, industrial hygiene, or safety AND at least 250 hours of work experience the field of building inspection, asbestos-related work, safety, industrial hygiene or hazardous material control;
- licensure by Minnesota as a building official;
- registration or certification as a registered architect, licensed professional engineer, certified industrial hygienist, or certified safety professional.

Project Designer (check one)

- work experience of at least 4,000 hours in asbestos-related work or asbestos management activity as defined in Minnesota Statutes, section 326.71;
- registration as a registered architect, licensure as a professional engineer, or certification as a certified safety professional.

18. I declare that all the information I have provided is true and complete and that I have read and understand the department's Tennessen Warning. The Tennessen Warning is available by calling 651-201-4620 or from the department's website at <http://www.health.state.mn.us/divs/eh/asbestos/forms/index.html>. I understand that submitting false information is grounds for denying, suspending, revoking or taking other disciplinary action against my certification as specified in Minnesota Statute §144.992.
