

Protecting, maintaining and improving the health of all Minnesotans

LIMITED LICENSE QUALIFICATION APPLICATION

Limited well contractor licenses may be issued for each of the categories below. If you are engaged in any of these activities you must be licensed by the Minnesota Department of Health.

The licensing process consists of three steps:

1. submitting a qualification application,
2. passing a written examination, and
3. submitting a license application.

In addition, each successful licensee will have to provide evidence of a corporate surety bond. A bond of \$2,000 is required for applicants for a pump installers license or the pitless/well screen license. A bond of \$10,000 is required for applicants for all other limited license categories. This license bond is required in addition to any other bonds that the licensee may hold (such as a bond for a plumbing business). Individuals licensed in multiple limited well contractor categories will need only one bond. Each licensed individual will also have to obtain six contact hours of continuing education, beginning in the first FULL year of licensure.

Carefully complete the application, and arrange to have the reference letters completed and returned to the Minnesota Department of Health, Well Management Section. An incomplete application or an improperly completed application will be returned to you and will cause a significant delay in the licensing process. Mail the application to the address listed at the top of the application.

You will be notified by mail when you are eligible to schedule an appointment to take the examination. Study materials to aid you in preparation for the written examination will be sent to you upon receipt of your qualification application. It is recommended that you read these materials carefully. You must pass the written examination within one year of being notified. You must then complete the licensing process within one year of passing the examination. Should you have any questions, please contact the Well Management Section at 651-201-4597.

CATEGORIES AND REQUIREMENTS

PUMP INSTALLER

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the activity of **INSTALLING PUMPS OR PUMPING EQUIPMENT** in the state of Minnesota must be licensed by the Minnesota Department of Health. Minnesota Rules, part 4725.0100 defines a well pump and pumping equipment as "any device, machine, or material used to withdraw or otherwise obtain water

from a well, and all necessary seals, fittings, and pump controls." The definition includes buried pressure tanks but excludes other water tanks, including accessory water tanks such as fire protection tanks and elevated or ground storage tanks for public water supplies.

According to Minnesota Rules, part 4725.0650, subpart 5, an applicant to be a representative for a limited well contractor licensed to **INSTALL PUMPS OR PUMPING EQUIPMENT**, must have two years experience in pump installation and repair. The applicant must have personally installed 20 pumps. The work must include a minimum of 1,000 hours installing well pumps or pumping equipment.

WELL SCREENS AND PITLESS ADAPTERS/UNITS

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the business of **INSTALLING OR REPAIRING WELL SCREENS AND PITLESS ADAPTERS/UNITS** in the state of Minnesota must be licensed by the Minnesota Department of Health.

According to Minnesota Rules, part 4725.0650, subpart 4, an applicant to be a representative for a limited well contractor licensed to install or repair **WELL SCREENS, PITLESS ADAPTERS/ UNITS, AND WELL CASINGS** from the pitless device to the upper termination of the well, must have two years experience. A year of experience is a year in which the applicant worked a minimum of 1,000 hours having personally installed or repaired five well screens or pitless units or adapters and well casings from the pitless adapter or unit to the upper termination of the well casing. The experience must have been gained under the supervision of a licensed well contractor or limited well contractor licensed to install or repair well screens or pitless units or adapters and well casings from the pitless unit or adapter to the upper termination of the well.

CONSTRUCTING, REPAIRING, AND SEALING DUG WELL AND DRIVE-POINT WELLS

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the business of **CONSTRUCTING, REPAIRING, AND SEALING DUG WELLS AND DRIVE-POINT WELLS** in the state of Minnesota must be licensed by the Minnesota Department of Health.

According to Minnesota Rules, part 4725.0650, subpart 3, an applicant to be a representative for a limited well contractor licensed to **CONSTRUCT, REPAIR, AND SEAL DUG WELLS AND DRIVE-POINT WELLS** must have three years experience. A year of experience is a year in which the applicant personally drilled five dug wells or drive-point wells and worked for a minimum of 1,000 hours constructing, repairing, and sealing dug wells or drive-point wells. An applicant whose experience is constructing dug wells or drive-point wells must have gained the experience under a licensed well contractor or limited well contractor licensed to construct, repair, and seal dug wells or drive-point wells.

WELL SEALING

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the business of SEALING WELLS of any kind in the state of Minnesota must be licensed by the Minnesota Department of Health. This license category is for persons who do NOT hold a full well contractor license and who wish to seal wells of any kind.

According with Minnesota Rules, part 4725.0650, subpart 6, an applicant to be a representative for a limited well contractor licensed to seal wells must have three years of experience. A year of experience is year in which the applicant personally sealed a minimum of five wells and worked a minimum of 1,000 hours drilling wells, clearing obstructions, removing or perforating well casings, and grouting wells. An applicant must have gained the experience under a licensed well contractor or limited well sealing contractor.

DEWATERING WELLS

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the CONSTRUCTION, REPAIR, AND SEALING OF DEWATERING WELLS in the state of Minnesota must be licensed by the Minnesota Department of Health. It should be noted that a dewatering well is defined in Minnesota statutes as "a nonpotable well used to lower groundwater levels to allow for construction or use of underground space. A dewatering well does NOT include:

- (1) a well or dewatering well 25 feet or less in depth for temporary dewatering during construction;
or
- (2) a well used to lower groundwater levels for control or removal of groundwater contamination."

According to Minnesota Rules, part 4725.0650, subpart 7, an applicant to be a representative for a limited well contractor licensed to construct, repair, or seal dewatering wells must have two years of experience. A year of experience is a year in which the applicant worked a minimum of 500 hours designing, constructing, or field supervising the construction, repair, or sealing of dewatering wells and designed, constructed, or field supervised the construction of a minimum of five dewatering wells.

VERTICAL HEAT EXCHANGER

In accordance with Minnesota Statutes, section 103I.205, persons engaged in the CONSTRUCTION, REPAIR, AND SEALING OF VERTICAL HEAT EXCHANGERS in the state of Minnesota must be licensed by the Minnesota Department of Health.

In accordance with Minnesota Rules, part 4725.0650, subpart 7a, an applicant to be a representative for limited vertical heat exchanger contractor license to construct, repair, and seal vertical heat exchangers must have two years of experience related to the construction, repair and sealing of excavations or borings for the installation of vertical heat exchangers or must have two years of experience related to construction, repair, and sealing of water-supply wells and be certified by the International Ground Source Heat Pump Association (or equivalent).

EXPLANATION OF RIGHTS (TENNESSEN WARNING)

Note for Companies and Individuals Acting as Companies – The Minnesota Department of Health (MDH) will use information you provided in this application to determine if you meet the requirements for a license or registration. You are not legally required to provide any of the requested information. Failure to provide information, however, will result in the denial of your application. Submitting false information is grounds for denying your application or suspending, revoking, or taking other disciplinary action against your license or registration after it is issued.

Social security numbers are private data. Private data will not be shared with others outside the MDH, except as authorized or required by law. In such cases, it may be shared with others, including the Office of the Attorney General, the Minnesota Department of Revenue and persons contacted for purposes of verification or investigation. If the matter of your license or registration becomes contested, private data submitted in this application may become public.

Note to Individual Applicants – All data submitted in this application, except your name and address, are considered private until you are issued a license or registration. When you become licensed or registered, all data in this application become public, except your social security number, which remains private.

Note to Company Applicants – All data submitted in this application are public data.

If you require this application and related materials in another format, such as large print, Braille, cassette tape, or need more information, call 651-201-4597. Deaf and hard-of-hearing: TTY 651-201-5797.

**SUPPLEMENT TO
QUALIFICATION APPLICATION FOR PUMP INSTALLER LICENSE**

LICENSE/REGISTRATION INFORMATION

Applicant registered or licensed to perform well contracting work in other states? Yes No

If yes, list state and license or registration number

State

Lic. or Reg. Number

EXPERIENCE

Month and year that applicant started working on pumps and pumping equipment.

Percent of applicant's work year spent installing pumps and pumping equipment.

Total number of pumps applicant has personally installed.

In accordance with Minnesota Rules, part 4725.0650, subpart 5, an applicant to be a representative for a limited contractor licensed to install a pump or pumping equipment must have two years of pump installation and repair. The applicant must have personally installed 20 pumps. The work must include a minimum of 1,000 hours installing well pumps or pumping equipment.

Provide the information below for 20 people the applicant has personally installed pumps or pumping equipment for. Duties must indicate compliance with experience requirements described above. Be sure to provide complete information.
