The 2017 Federal Nursing Home Regulations: A Person Centered Approach
Implementation of Phase 2 - November 28, 2017

- F-Tag Renumbering F540-F949
- Providers must be in compliance with Phase 2 regulations
- Interpretive Guidance - focus on Person Centered Care
- Implement New Survey Process
• Person-centered care means to focus on the resident as the locus of control and support the resident in making their own choices and having control over their daily lives.
Phase 2 Regulation Changes

• Comprehensive Person Centered Care Planning
  • Baseline within 48 hours

• Quality of Life and Quality of Care

• Behavioral Health Services

• Pharmacy Services- psychotropic medications

• Infection Control and Antibiotic Stewardship
Phase 2 Regulation Changes

• Administration- facility assessment
• Quality Assurance and Performance Improvements (QAPI Plan)
• Freedom from Abuse, Neglect, and Exploitation
• Admission, Transfer, and Discharge Rights- documentation
• Nursing Services- sufficient and competent
Abuse, Neglect, Misappropriation, and Exploitation Changes

- F-Tags related to abuse
  - F600 Free from Abuse and Neglect
  - F602 Free from Misappropriation/exploitation
  - F603 Free from Involuntary Seclusion
  - F604 Right to be free from physical restraints
  - F605 Right to be free from Chemical Restraints

- F-Tags related to abuse
  - F606 Not employ/engage staff with adverse actions
  - F607 Develop/Implement Policies
  - F608 Reporting reasonable suspicion of a crime
  - F609 Reporting of Alleged violations
  - F610 Investigate/Prevent/Correct Alleged violation
• Requested during entrance conference

• Referred to if concerns about resident care

Facility Assessment training and tool

Appendix Z

• Begins November 15, 2017 (E-Tags)
• Requires a Risk Assessment and Emergency Planning
• Surveyors will ask to see a copy of:
  • Entire integrated and unified emergency preparedness program and emergency plan
  • Policy and Procedures
  • Communication Plan
  • Training and Testing program
  • Proof of participating in a full scale community based exercise

Survey Team Preparation Prior to Entrance to Facility

- Review of any repeat deficiencies
- Note deficiencies from last standard survey
- Complaints
- FRIs (Facility Reported Incidences)
- Federal/State Waivers/Variances
- Active Enforcement Cases that should not be investigated
- Contact Ombudsman for any concerns
- Assign Surveyors to area of facility (helpful if room numbers added to MDS)
### Entrance Conference Worksheet

**Information Needed from the Facility Immediately Upon Entrance**

### Information Needed from Facility within One Hour of Entrance

- **12. Schedule of meal times, locations of dining rooms.** Copies of all current menus including therapeutic menus that will be served for the duration of the survey and the policy for food brought in from visitors.
- **13. Schedule of Medication Administration times.**
- **14. Number and location of med storage rooms and med carts.**
- **15. The actual working schedules for licensed and registered nursing staff for the survey time period.**
- **16. List of key personnel, location, and phone numbers.** Note contract staff (e.g., rehab services).
- **17. If the facility employs paid feeding assistants, provide the following information:**
  a) Whether the paid feeding assistant training was provided through a State-approved training program by qualified professionals as defined by State law, with a minimum of 8 hours of training;
  b) The names of staff (including agency staff) who have successfully completed training for paid feeding assistants, and who are currently assisting selected residents with eating meals and/or snacks;
  c) A list of residents who are eligible for assistance and who are currently receiving assistance from paid feeding assistants.
18. Complete matrix for all other residents. Ensure the TC confirms the matrix was completed accurately.

19. Admission packet.

20. Dialysis Contract(s), Agreement(s), Arrangement(s), and Policy and Procedures, if applicable.

21. List of qualified staff providing hemodialysis or assistance for peritoneal dialysis treatments, if applicable.

22. Agreement(s) or Policies and Procedures for transport to and from dialysis treatments, if applicable.

23. Does the facility have an onsite separately certified ESRD unit?

24. Hospice Agreement, and Policies and Procedures for each hospice used (name of facility designee(s) who coordinate(s) services with hospice providers).

# Beneficiary Notice - Residents Discharged Within the Last Six Months

Please complete and return this worksheet to the survey team within 24 hours. Please provide a list of residents who were discharged from a Medicare covered Part A stay with benefit days remaining in the past 6 months. Please indicate if the resident was discharged home or remained in the facility. (Note: Exclude beneficiaries who received Medicare Part B benefits only, were covered under Medicare Advantage insurance, expired, or were transferred to an acute care facility or another SNF during the sample date range).

[Minnesota Department of Health](http://www.health.state.mn.us/divs/fpc/cww/)
• Surveyor request names of new admissions

• ALL of the facility’s residents will be screened (done without staff present)

• Identify initial pool—
  ▪ Offsite selected (70%)
  ▪ Vulnerable
  ▪ New admissions
  ▪ Complaints or FRIs (Facility Reported Incidences)
  ▪ Identified concern
After Initial Pool has been selected-Resident Interviews

• Residents screened to determine interview status
• Suggested questions—but not a specific surveyor script
• Must cover all care areas
• Includes Rights, QOL, QOC
• Investigate further or no issue
Resident Observation

- Care areas and probes
- Conduct rounds
- Complete formal observations as needed
- Mark investigate further or no issue
Resident Representative/Family Interview

- Non-interviewable residents
- Familiar with resident’s care
- 3 total - during initial pool or early as possible
- Mark each area as investigate further or no issue
• All initial pool residents: advanced directives and confirm specific information

• If interview not conducted; review certain care areas in record

• Confirm insulin, anticoagulant, and antipsychotic with a diagnosis of Alzheimer’s or dementia, and PASARR
• New admissions—broad range of high-risk medications
• Extenuating circumstances, interview staff
• Investigate further or no issue
High Risk Medications

- Antipsychotic
- Antianxiety
- Antidepressant
- Hypnotic
- Anticoagulant

- Antibiotic
- Diuretic
- Insulin
- Opioids
Areas Covered in Interview/Observation

- Choices
- Activities
- Dignity
- Abuse
- Resident to resident interactions
- Privacy
- Accommodation of needs

- Personal funds
- Personal property
- Sufficient staffing
- Participation in care planning
- Community discharge
- Environment
- Food
Areas Covered in Interview/Observation

- Dental
- Nutrition
- Hydration
- Tube feeding
- Vision and hearing
- ADL’s
- Catheter
- Insulin/anticoagulant
- Infections
- Hospitalizations
- Falls
- Pain
- Pressure Ulcers
- Skin Conditions
Areas Covered in Interview/Observation

- Limited ROM
- Rehab
- Dialysis
- B&B incontinence
- Constipation/diarrhea
- Smoking
- Hospice

- Language/communication
- Mood/behaviors
- Restraints
- Accident hazards
- Unsafe wandering/elopement
- Call light in reach/functioning
- Edema
Areas Covered in Interview/Observation

• Psych/opioid/anticoagulant side effects
• Positioning
• Vent/tracheostomy
• Other concerns

**Can mark: No issue; further investigate; harm; IJ; MDS Discrepancy**

Sample Selection

• Select sample

• Prioritize using sampling considerations:
  ▪ Replace discharged residents selected offsite with those selected onsite
  ▪ Can replace residents selected offsite with rationale
  ▪ Harm, SQC if suspected, IJ if identified
  ▪ Abuse Concern
  ▪ Transmission based precautions
  ▪ All MDS indicator areas if not already included
Sample Selection- Unnecessary Medication Review

• System selects five residents for full medication review
• Based on observation, interview, record review, and MDS
• Broad range of high-risk medications and adverse consequences
• Residents may or may not be in sample
Long-Term Care Survey Process

OFFSITE PREP
- Create a Shell
- Complete Offsite Prep
- Make Unit Assignments
- Make Mandatory Facility Task Assignments
- TC Shares Data with Team Members
- Review Independently

FACILITY ENTRANCE
- TC Conducts Entrance Conference
- Brief Visit to Kitchen
- Go to Assigned Areas
- Get List of New Admissions

INITIAL POOL
- Complete Observation, Interview, and Limited Record Review for Initial Pool Residents
- Initial Dining Observation
- End of Day 1 Team Meeting

SAMPLE SELECTION
- Screen all Residents
- Complete Observation, Interview, and Limited Record Review for Initial Pool Residents
- Share Completed Initial Pool Data with TC
- Select Sample
- Finalize Sample (Make Assignments)
- Share Assignments with Team Members
- End of Day 1 Team Meeting

INVESTIGATIONS
- Investigate Sampled Residents
- Team Review

MANDATORY FACILITY TASKS:
- Environment
- Personal Funds
- Resident Assessment

STANDARDIZED TASKS:
- Dining
- Infection Control
- SNF Beneficiary Protection Review
- Kitchen
- Medication Administration
- Medication Storage and Labeling
- Resident Council Meeting
- Sufficient and Competent Nurse Staffing
- QAA/QAPI (complete at the end of the survey)

ONGOING & OTHER SURVEY ACTIVITIES
- Closed Record Review
- Determine Deficiency
- Complete Mandatory Facility and Triggered Tasks
- Triggered Tasks:
  - Environment
  - Personal Funds
  - Resident Assessment

POTENTIAL CITATIONS
- Share Completed Investigation Date with TC
- Exit Conference w/ Facility
- Complete QAA/QAPI
- End of Day 2 Team Meeting
Resident Investigations

- Observation, interview and record review
- Continuous observation as needed
- Use of Interpretive Guidance at appendix PP and Critical Element Pathways
Critical Element (CE) Pathways

- Located at https://www.cms.gov/Medicare/Provider-Enrollment-and-Certification/GuidanceforLawsAndRegulations/Nursing-Homes.html

- New: Community discharge; Dementia Care; Neglect; Sufficient and Competent Nurse Staffing & Resident Assessment

- Same: Personal Funds

- Revised: all remaining CE pathways
Closed Record Review

- Completed during the investigation portion of the survey
- Unexpected death, hospitalization and community discharge in past 90 days
- System selected or discharged resident
Mandatory Facility Task Investigation

• SNF Beneficiary Protection Notification Review
• Dining
• Infection Control
• Kitchen
• Medication Administration
• Medication Storage
• QAA/QAPI
• Resident Council
• Sufficient and Competent Nursing Staff
Mandatory Facility Task Investigation

• SNF Beneficiary Protection Notification Review
  • 3 residents chosen from, “Beneficiary Notice-Residents Discharged within the Last Six Months”
  • New Worksheet, “Beneficiary Notification Checklist”
  • SNF Beneficiary Protection Notification Review Critical Element Pathway
Mandatory Facility Task Investigation

• Dining
  • Each team member assigned dining area
  • If fewer surveyors than dining areas- most dependent residents
  • First meal upon entrance
  • Focus on Person Centered Care (dignity, home-like, self-determination, preferences, right to make choices)
  • Persons unable to make choices known- take steps to find out past preferences
Mandatory Facility Task Investigation

• Infection Prevention, Control & Immunizations
  • The overall Infection Prevention and Control Program (IPCP)
  • The annual review of the IPCP policies and practices
  • The review of the surveillance and antibiotic stewardship programs
  • Tracking influenza/pneumococcal immunization of residents
  • Individual Resident Review who is on Transmission-Based Precautions

Infection Control and Response Program

http://www.health.state.mn.us/divs/idepc/dtopics/icar/index.html
Mandatory Facility Task Investigation

• Kitchen
  • Initial brief tour
  • Follow up visits
  • Request of menus at entrance conference
  • Reasonable efforts to accommodate resident preferences (religious, cultural and ethnic needs, input from resident groups)
  • Qualifications of dietitian and other professionals
  • Guidance on food grown at facility, brought in by others
Mandatory Facility Task Investigation

• Medication Administration Observation
  • 25 medication opportunities- as many different routes as possible
  • If possible, observation of those selected for the medication regimen review
  • Liquid controlled medication
  • Fentanyl Transdermal System
  • Crushed medications
  • Flushing of feeding tubes
Mandatory Facility Task Investigation

• Medication Storage and Labeling
  • Half of of med storage rooms/carts (expand as needed)
  • Multi-dose vials & insulin pens (infection control)
  • Disposable methods for controlled medication (drug diversion)
Mandatory Facility Task Investigation

- Resident Council Interview
  - Meeting minutes
  - Grievance policy
  - Surveyors choose who to invite
  - New questions for the group
  - Ombudsman will be invited
Mandatory Facility Task Investigation

• Sufficient and Competent Nurse Staffing Review
  • Completed on every survey now
  • Ties back to most Quality of Care/Quality of Life investigations
  • Must ensure there are sufficient number of nursing staff who have the competencies to care for the facility’s resident population- each individual resident needs- care plan.
  • Areas of competency must be assessed and evaluated by staff already determined to be competent in the skill area.
Mandatory Facility Task Investigation

• **QAA/QAPI**
  
  • QAPI Plan will be requested at Entrance Conference
  
  • Task will be completed AFTER all investigations completed by survey team
  
  • If systemic concerns identified during the survey, the QAA minutes will be requested
Triggered Facility Tasks

- Environment
- Personal Funds
- Resident Assessment (new item)
  - MDS not submitted
  - Surveyor notes potential discrepancy
