RE: Project Number SL41284016

Dear Licensee:

This is your **official notice** that you have been **granted your comprehensive home care license**. Your license effective and expiration dates remain the same as on your temporary license. Your updated status will be listed on the license certificate at renewal and **this letter serves as proof** in the meantime. If you have not received a letter from us with information regarding renewing your license within 45 days prior to your expiration date, please contact us at (651) 201-5273 or by email at: health.homecare@state.mn.us.

The Minnesota Department of Health (MDH) completed an initial survey on August 15, 2025, for the purpose of assessing compliance with state licensing statutes. At the time of the survey MDH noted violations of the laws pursuant to Minnesota Statutes, Chapter 144A.

The Department of Health concludes the licensee is in substantial compliance. State law requires the agency must take action to correct the state correction orders and document the actions taken to comply in the agency's records. The Department reserves the right to return to the agency at any time should the Department receive a complaint or deem it necessary to ensure the health, safety, and welfare of residents in your care.

STATE CORRECTION ORDERS

The enclosed State Form documents the state correction orders. MDH documents state correction orders using federal software. Tag numbers are assigned to Minnesota state statutes for Home Care Providers. The assigned tag number appears in the far left column entitled "ID Prefix Tag." The state statute number and the corresponding text of the state statute out of compliance are listed in the "Summary Statement of Deficiencies" column. This column also includes the findings that are in violation of the state statute after the statement, "This MN Requirement is not met as evidenced by . . ."

In accordance with Minn. Stat. § 144A.474 Subd. 11, MDH may assess fines based on the level and scope of the violations; **however, no immediate fines are assessed for this survey at your agency.**

DOCUMENTATION OF ACTION TO COMPLY

Per Minn. Stat. § 144A.474, Subd. 8(c), the licensee must document actions taken to comply with the

correction orders within the time period outlined on the state form; however, plans of correction are not required to be submitted for approval.

The correction order documentation should include the following:

- Identify how the area(s) of noncompliance was corrected related to the client(s)/employee(s) identified in the correction order.
- Identify how the area(s) of noncompliance was corrected for all of the provider's clients/employees that may be affected by the noncompliance.
- Identify what changes to your systems and practices were made to ensure compliance with the specific statute(s).

CORRECTION ORDER RECONSIDERATION PROCESS

In accordance with Minn. Stat. § 144A.474, Subd. 12, you may challenge the correction order(s) issued, including the level and scope, and any fine assessed through the correction order reconsideration process. The request for reconsideration must be in writing and received by MDH within 15 business days of the correction order receipt date.

To submit a reconsideration request, please visit:

<https://forms.web.health.state.mn.us/form/HRDAppealsForm>

The MDH Health Regulation Division (HRD) values your feedback about your experience during the survey and/or investigation process. Please fill out this anonymous provider feedback questionnaire at your convenience at this link: **<https://forms.office.com/g/Bm5uQEPhVa>**. Your input is important to us and will enable MDH to improve its processes and communication with providers. If you have any questions regarding the questionnaire, please contact Susan Winkelmann at susan.winkelmann@state.mn.us or call 651-201-5952.

You are encouraged to retain this document for your records. It is your responsibility to share the information contained in the letter and state form with your organization's Governing Body.

Sincerely,

Renee Anderson, Supervisor
State Evaluation Team

0 000	Initial Comments *****ATTENTION***** HOME CARE PROVIDER LICENSING CORRECTION ORDER(S) In accordance with Minnesota Statutes, section 144A.43 to 144A.482, these correction orders have been issued pursuant to a survey. Determination of whether a violation has been corrected requires compliance with all requirements provided at the Statute number indicated below. When Minnesota Statute contains several items, failure to comply with any of the items will be considered lack of compliance. INITIAL COMMENTS: SL41284016-0 On August 11, 2025, through August 15, 2025, the Minnesota Department of Health conducted a routine survey at the above provider, and the following correction orders are issued. At the time of the survey, there were four clients who received services under the provider's Temporary Comprehensive license.	0 000	Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. Tag numbers have been assigned to Minnesota State Statutes for Home Care providers. The assigned tag number appears in the far-left column entitled "ID Prefix Tag." The state Statute number and the corresponding text of the state Statute out of compliance is listed in the "Summary Statement of Deficiencies" column. This column also includes the findings which are in violation of the state requirement after the statement, "This Minnesota requirement is not met as evidenced by." Following the surveyor's findings is the Time Period for Correction. PLEASE DISREGARD THE HEADING OF THE FOURTH COLUMN WHICH STATES,"PROVIDER ' S PLAN OF CORRECTION." THIS APPLIES TO FEDERAL DEFICIENCIES ONLY. THIS WILL APPEAR ON EACH PAGE. THERE IS NO REQUIREMENT TO SUBMIT A PLAN OF CORRECTION FOR VIOLATIONS OF MINNESOTA STATE STATUTES. The letter in the left column is used for tracking purposes and reflects the scope and level issued pursuant to 144A.474 subd. 11 (b) (1) (2)

01245	Continued From page 1 maintain a comprehensive tuberculosis infection control program according to the most current tuberculosis infection control guidelines issued by the United States Centers for Disease Control and Prevention (CDC), Division of Tuberculosis Elimination, as published in the CDC's Morbidity and Mortality Weekly Report. This program must include a tuberculosis infection control plan that covers all paid and unpaid employees, contractors, students, and volunteers. The commissioner shall provide technical assistance regarding implementation of the guidelines. (b) The home care provider must maintain written evidence of compliance with this subdivision. This MN Requirement is not met as evidenced by: Based on interview and record review, the licensee failed to establish and maintain a tuberculosis (TB) prevention and control program based on the most current guidelines issued by the centers for Disease Control and Prevention (CDC) which included an employee TB symptom and history screen for one of two employees (owner/registered nurse (O/RN)-A). This practice resulted in a level two violation (a violation that did not harm a client's health or safety but had the potential to have harmed a client's health or safety, but was not likely to cause serious injury, impairment, or death), and was issued at a widespread scope (when problems are pervasive or represent a systemic failure that has affected or has potential to affect a large portion or all of the clients). The findings include: The licensee's Facility TB Risk Assessment,	01245

01245	Continued From page 2 dated March 5, 2025, indicated the facility was at a low risk for TB transmission. O/RN-A was hired July 30, 2024, to provide supervision of staff and direct care for clients of the licensee. O/RN-A's employee record included documentation of a QuantiFERON-TB Gold Plus blood test completed July 8, 2024, that identified a negative result. O/RN's employee record lacked evidence of TB history and symptom screening. On August 13, 2025, at 11 a.m., O/RN-A stated that she did not complete a TB history and symptom screen for herself. O/RN-A stated that she thought that the TB history and symptom screening was only for unlicensed employees. The licensee's 6.08 Tuberculosis and Staff Screening policy, dated June 1, 2024, directed new staff be screened for signs of active TB by completing a screening form and be tested by a two-step TB skin test or a TB blood test. The CDC's Tuberculosis Screening, Testing, and Treatment of U.S. Health Care Personnel: Recommendations from the National Tuberculosis Controllers Association and CDC dated May 16, 2019, recommended all health care professionals complete a TB screening including a symptom evaluation and an IGRA or TST. Health care workers with written documentation of a previous positive TST or IGRA should have documented in their record: test results, assessment for current TB symptoms and a related chest x-ray.	01245
