Protecting, Maintaining and Improving the Health of Minnesotans

CMS Certification Number (CCN): 245575

October 20, 2014

Ms. Jeanine Junker, Administrator
Barrett Care Center Inc
800 Spruce Avenue
Barrett, Minnesota 56311

Dear Ms. Junker:

The Minnesota Department of Health assists the Centers for Medicare and Medicaid Services (CMS) by surveying skilled nursing facilities and nursing facilities to determine whether they meet the requirements for participation. To participate as a skilled nursing facility in the Medicare program or as a nursing facility in the Medicaid program, a provider must be in substantial compliance with each of the requirements established by the Secretary of Health and Human Services found in 42 CFR part 483, Subpart B.

Based upon your facility being in substantial compliance, we are recommending to CMS that your facility be recertified for participation in the Medicare and Medicaid program.

Effective September 5, 2014 the above facility is certified for:

45 Skilled Nursing Facility/Nursing Facility Beds

Your facility's Medicare approved area consists of all 45 skilled nursing facility beds.

You should advise our office of any changes in staffing, services, or organization, which might affect your certification status.

If, at the time of your next survey, we find your facility to not be in substantial compliance your Medicare and Medicaid provider agreement may be subject to non-renewal or termination.

Feel free to contact me if you have questions related to this letter.

Sincerely,

Mark Meath

K 000	INITIAL COMMENTS FIRE SAFETY A Life Safety Code Survey was conducted by the Minnesota Department of Public Safety, State Fire Marshal Division. At the time of this survey, Barrett Care Center was found in substantial compliance with the requirements for participation in Medicare/Medicaid at 42 CFR, Subpart 483.70(a), Life Safety from Fire, and the 2000 edition of National Fire Protection Association (NFPA) Standard 101, Life Safety Code (LSC), Chapter 19 Existing Health Care. Barrett Care Center is a 1-story building with a partial basement. The original building was constructed in 1967, has a partial basement and was determined to be of Type II(111) construction with mono-lithic ceilings throughout. In 1982, additions were added to the south of the dining room and to the east wing that are not separated from the original building and were determined to be of Type II(111) construction. In 2000 an addition was constructed to the West Wing for administration offices and PT, that was determined to be Type V(111) construction. In 2002 the latest addition was constructed to the North Wing is Type II (111) construction. The building is fully sprinkler protected in accordance with NFPA 13 Standard for the Installation of Automatic Sprinkler Systems (1999 edition). The facility has a manual fire alarm system with smoke detection in the corridors of the 1982 edition, at all cross corridor doors that are held open and in spaces open to the corridors and common living areas that is monitored for automatic fire department notification, installed in accordance with NFPA 72 "The National Fire	K 000

Re: Enclosed State Nursing Home Licensing Orders - Project Number S5575024

Dear Ms. Junker:

The above facility was surveyed on September 2, 2014 through September 5, 2014 for the purpose of assessing compliance with Minnesota Department of Health Nursing Home Rules. At the time of the survey, the survey team from the Minnesota Department of Health, Compliance Monitoring Division, noted one or more violations of these rules that are issued in accordance with Minnesota Stat. section 144.653 and/or Minnesota Stat. Section 144A.10. If, upon reinspection, it is found that the deficiency or deficiencies cited herein are not corrected, a civil fine for each deficiency not corrected shall be assessed in accordance with a schedule of fines promulgated by rule of the Minnesota Department of Health.

To assist in complying with the correction order(s), a “suggested method of correction” has been added. This provision is being suggested as one method that you can follow to correct the cited deficiency. Please remember that this provision is only a suggestion and you are not required to follow it. Failure to follow the suggested method will not result in the issuance of a penalty assessment. You are reminded, however, that regardless of the method used, correction of the deficiency within the established time frame is required. The “suggested method of correction” is for your information and assistance only.

You have agreed to participate in the electronic receipt of State licensure orders consistent with the Minnesota Department of Health Informational Bulletin 14-01, available at http://www.health.state.mn.us/divs/fpc/profinfo/infobul.htm . The State licensing orders are delineated on the attached Minnesota Department of Health orders being submitted to you electronically. The Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. Tag numbers have been assigned to Minnesota state statutes/rules for Nursing Homes.

The assigned tag number appears in the far left column entitled "ID Prefix Tag." The state statute/rule number and the corresponding text of the state statute/rule out of compliance is listed in the "Summary Statement of Deficiencies" column and replaces the "To Comply" portion of the correction order. This column also includes the findings that are in violation of the state statute after the statement, "This Rule is not met as evidenced by." Following the surveyors findings are the Suggested Method of Correction and the Time Period For Correction.

PLEASE DISREGARD THE HEADING OF THE FOURTH COLUMN WHICH STATES, "PROVIDER'S PLAN OF CORRECTION." THIS APPLIES TO FEDERAL DEFICIENCIES ONLY. THIS WILL APPEAR ON EACH PAGE.

THERE IS NO REQUIREMENT TO SUBMIT A PLAN OF CORRECTION FOR VIOLATIONS OF MINNESOTA STATE STATUTES/RULES.

Although no plan of correction is necessary for State Statutes/Rules, please enter the word "corrected" in the box available for text. You must then indicate in the electronic State licensure process, under the heading completion date, the date your orders will be corrected prior to electronically submitting to the Minnesota Department of Health. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact Gail Anderson at (218) 332-5140 or email at: gail.anderson@state.mn.us.

You may request a hearing on any assessments that may result from non-compliance with these orders provided that a written request is made to the Department within 15 days of receipt of a notice of assessment for non-compliance.

Please note it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Feel free to contact me if you have questions related to this eNotice.

Sincerely,

Mark Meath

2 000	Initial Comments *****ATTENTION****** NH LICENSING CORRECTION ORDER In accordance with Minnesota Statute, section 144A.10, this correction order has been issued pursuant to a survey. If, upon reinspection, it is found that the deficiency or deficiencies cited herein are not corrected, a fine for each violation not corrected shall be assessed in accordance with a schedule of fines promulgated by rule of the Minnesota Department of Health. Determination of whether a violation has been corrected requires compliance with all requirements of the rule provided at the tag number and MN Rule number indicated below. When a rule contains several items, failure to comply with any of the items will be considered lack of compliance. Lack of compliance upon re-inspection with any item of multi-part rule will result in the assessment of a fine even if the item that was violated during the initial inspection was corrected. You may request a hearing on any assessments that may result from non-compliance with these orders provided that a written request is made to the Department within 15 days of receipt of a notice of assessment for non-compliance. INITIAL COMMENTS: You have agreed to participate in the electronic receipt of State licensure orders consistent with the Minnesota Department of Health Informational Bulletin 14-01, available at http://www.health.state.mn.us/divs/fpc/profinfo/infobul.htm The State licensing orders are delineated on the attached Minnesota	2 000	Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. 2 302	Continued From page 3 Based on interview and document review, the facility failed to ensure consumers were provided information for care of residents with Alzheimer's disease and dementia in a written or electronic form. In addition, the facility failed to identify a description of the training program, the categories of employees trained, the frequency of training, and the basic topics covered in the training. During interview with the administrator on 9/4/14, at 12:30 p.m. she stated she provided new residents and families with facility admission information. However, she was not aware of the requirement regarding provision of written or electronic information to facility consumers and she stated she would include it in the future. The facility's current admission packet was reviewed with the administrator. Facility services were identified in the brochure and the administrator confirmed information on staff training for the care of resident's with Alzheimer's and dementia was not included. Review of the facility's list of documents given to a new resident upon admission didn't include written or electronic or access information of the facility staff training or caring for residents with Alzheimer's disease and dementia. Suggested Methods of Correction: The administrator or designee could add information describing the staff training program, categories of employees trained and the frequency training.. TIME PERIOD FOR CORRECTION: Twenty-one (21) days.	2 302	corrected
