MINNESOTA
MDH
DEPARTMENT OF HEALTH

Protecting, Maintaining and Improving the Health of Minnesotans

Medicare Provider # 245244

July 1, 2014

Mr. Daniel Swenson, Administrator
Centracare Health System - Long Prairie
20 Ninth Street Southeast
Long Prairie, Minnesota 56347

Dear Mr. Swenson:

The Minnesota Department of Health assists the Centers for Medicare and Medicaid Services (CMS) by surveying skilled nursing facilities and nursing facilities to determine whether they meet the requirements for participation. To participate as a skilled nursing facility in the Medicare program or as a nursing facility in the Medicaid program, a provider must be in substantial compliance with each of the requirements established by the Secretary of Health and Human Services found in 42 CFR part 483, Subpart B.

Based upon your facility being in substantial compliance, we are recommending to CMS that your facility be recertified for participation in the Medicare and Medicaid program.

Effective June 3, 2014 the above facility is certified for or recommended for:

70 Skilled Nursing Facility/Nursing Facility Beds

Your facility's Medicare approved area consists of all 70 skilled nursing facility beds.

If you are not in compliance with the above requirements at the time of your next survey, you will be required to submit a Plan of Correction for these deficiency(ies) or renew your request for waiver in order to continue your participation in the Medicare and Medicaid Program.

You should advise our office of any changes in staffing, services, or organization, which might affect your certification status.

If, at the time of your next survey, we find your facility to not be in substantial compliance your Medicare and Medicaid provider agreement may be subject to non-renewal or termination.

Please contact me if you have any questions.

Sincerely,

Kate Johnston, Program Specialist
Licensing and Certification Program
Division of Compliance Monitoring

Long Prairie, Minnesota 56347

RE: Project Number S5244023

Dear Mr. Swenson:

On May 15, 2014, we informed you that we would recommend enforcement remedies based on the deficiencies cited by this Department for a standard survey, completed on May 8, 2014 . This survey found the most serious deficiencies to be widespread deficiencies that constituted no actual harm with potential for more than minimal harm that was not immediate jeopardy (Level F) whereby corrections were required.

On June 24, 2014, the Minnesota Department of Health completed a Post Certification Revisit (PCR) by review of your plan of correction and on May 30, 2014 the Minnesota Department of Public Safety completed a PCR to verify that your facility had achieved and maintained compliance with federal certification deficiencies issued pursuant to a standard survey, completed on May 8, 2014. We presumed, based on your plan of correction, that your facility had corrected these deficiencies as of June 3, 2014. Based on our PCR, we have determined that your facility has corrected the deficiencies issued pursuant to our standard survey, completed on May 8, 2014, effective June 3, 2014 and therefore remedies outlined in our letter to you dated May 15, 2014, will not be imposed.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Feel free to contact me if you have questions.

Sincerely,

Kate Johnston, Program Specialist
Licensing and Certification Program

DETERMINATION APPROVAL

At the time of the standard survey completed 05/08/2014, the facility was not in substantial compliance and the most serious deficiencies were found to be widespread deficiencies that constituted no actual harm with potential for more than minimal harm that was not immediate jeopardy (Level F) whereby corrections were required as evidenced by the attached CMS-2567. The facility has been given an opportunity to correct before remedies are imposed. Post Certification Revisit to follow.

MINNESOTA
MDH
DEPARTMENT OF HEALTH

Protecting, Maintaining and Improving the Health of Minnesotans

Electronically delivered
May 15, 2014

Mr. Daniel Swenson, Administrator
Centracare Health System - Long Prairie
20 Ninth Street Southeast
Long Prairie, Minnesota 56347

RE: Project Number S5244023

Dear Mr. Swenson:

On May 8, 2014, a standard survey was completed at your facility by the Minnesota Departments of Health and Public Safety to determine if your facility was in compliance with Federal participation requirements for skilled nursing facilities and/or nursing facilities participating in the Medicare and/or Medicaid programs.

This survey found the most serious deficiencies in your facility to be widespread deficiencies that constitute no actual harm with potential for more than minimal harm that is not immediate jeopardy (Level F), as evidenced by the attached CMS-2567 whereby corrections are required. A copy of the Statement of Deficiencies (CMS-2567) is enclosed.

Please note that this notice does not constitute formal notice of imposition of alternative remedies or termination of your provider agreement. Should the Centers for Medicare & Medicaid Services determine that termination or any other remedy is warranted, it will provide you with a separate formal notification of that determination.

This letter provides important information regarding your response to these deficiencies and addresses the following issues:

Opportunity to Correct - the facility is allowed an opportunity to correct identified deficiencies before remedies are imposed;

Electronic Plan of Correction - when a plan of correction will be due and the information to be contained in that document;

Remedies - the type of remedies that will be imposed with the authorization of the

Centers for Medicare and Medicaid Services (CMS) if substantial compliance is not attained at the time of a revisit;

Potential Consequences - the consequences of not attaining substantial compliance 3 and 6 months after the survey date; and

Informal Dispute Resolution - your right to request an informal reconsideration to dispute the attached deficiencies.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

DEPARTMENT CONTACT

Questions regarding this letter and all documents submitted as a response to the resident care deficiencies (those preceded by a "F" tag), i.e., the plan of correction should be directed to:

Jessica Sellner, Unit Supervisor
Minnesota Department of Health
3333 West Division, #212
St. Cloud, Minnesota 56301
Telephone: (320)223-7365
Fax: (320)223-7365

OPPORTUNITY TO CORRECT - DATE OF CORRECTION - REMEDIES

As of January 14, 2000, CMS policy requires that facilities will not be given an opportunity to correct before remedies will be imposed when actual harm was cited at the last standard or intervening survey and also cited at the current survey. Your facility does not meet this criterion. Therefore, if your facility has not achieved substantial compliance by June 17, 2014, the Department of Health will impose the following remedy:

- State Monitoring. (42 CFR 488.422)

In addition, the Department of Health is recommending to the CMS Region V Office that if your facility has not achieved substantial compliance by June 17, 2014 the following remedy will be imposed:

- Per instance civil money penalties. (42 CFR 488.430 through 488.444)

ELECTRONIC PLAN OF CORRECTION (ePoC)

An ePoC for the deficiencies must be submitted within **ten calendar days** of your receipt of this letter. Your ePoC must:

- Address how corrective action will be accomplished for those residents found to have been affected by the deficient practice;

- Address how the facility will identify other residents having the potential to be affected by the same deficient practice;

- Address what measures will be put into place or systemic changes made to ensure that the deficient practice will not recur;

- Indicate how the facility plans to monitor its performance to make sure that solutions are sustained. The facility must develop a plan for ensuring that correction is achieved and sustained. This plan must be implemented, and the corrective action evaluated for its effectiveness. The plan of correction is integrated into the quality assurance system;

- Include dates when corrective action will be completed. The corrective action completion dates must be acceptable to the State. If the plan of correction is unacceptable for any reason, the State will notify the facility. If the plan of correction is acceptable, the State will notify the facility. Facilities should be cautioned that they are ultimately accountable for their own compliance, and that responsibility is not alleviated in cases where notification about the acceptability of their plan of correction is not made timely. The plan of correction will serve as the facility's allegation of compliance; and,

- Submit electronically to acknowledge your receipt of the electronic 2567, your review and your ePoC submission.

If an acceptable ePoC is not received within 10 calendar days from the receipt of this letter, we will recommend to the CMS Region V Office that one or more of the following remedies be imposed:

• Optional denial of payment for new Medicare and Medicaid admissions (42 CFR 488.417 (a));

• Per day civil money penalty (42 CFR 488.430 through 488.444).

Failure to submit an acceptable ePoC could also result in the termination of your facility's Medicare and/or Medicaid agreement.

PRESUMPTION OF COMPLIANCE - CREDIBLE ALLEGATION OF COMPLIANCE

The facility's ePoC will serve as your allegation of compliance upon the Department's acceptance. Your signature at the bottom of the first page of the CMS-2567 form will be used as verification of compliance. In order for your allegation of compliance to be acceptable to the Department, the ePoC must meet the criteria listed in the plan of correction section above. You will be notified by the Minnesota Department of Health, Licensing and Certification Program staff and/or the Department of Public Safety, State Fire Marshal Division staff, if your ePoC for the respective deficiencies (if any) is acceptable.

VERIFICATION OF SUBSTANTIAL COMPLIANCE

Upon receipt of an acceptable ePoC, an onsite revisit of your facility may be conducted to validate that substantial compliance with the regulations has been attained in accordance with your verification. A Post Certification Revisit (PCR) will occur after the date you identified that compliance was achieved in your plan of correction.

If substantial compliance has been achieved, certification of your facility in the Medicare and/or Medicaid program(s) will be continued and remedies will not be imposed. Compliance is certified as of the latest correction date on the approved ePoC, unless it is determined that either correction actually occurred between the latest correction date on the ePoC and the date of the first revisit, or correction occurred sooner than the latest correction date on the ePoC.

Original deficiencies not corrected

If your facility has not achieved substantial compliance, we will impose the remedies described above. If the level of noncompliance worsened to a point where a higher category of remedy may be imposed, we will recommend to the CMS Region V Office that those other remedies be imposed.

Original deficiencies not corrected and new deficiencies found during the revisit

If new deficiencies are identified at the time of the revisit, those deficiencies may be disputed through the informal dispute resolution process. However, the remedies specified in this letter will be imposed for original deficiencies not corrected. If the deficiencies identified at the revisit require the imposition of a higher category of remedy, we will recommend to the CMS Region V Office that those remedies be imposed.

Original deficiencies corrected but new deficiencies found during the revisit

If new deficiencies are found at the revisit, the remedies specified in this letter will be imposed. If the deficiencies identified at the revisit require the imposition of a higher category of remedy, we will recommend to the CMS Region V Office that those remedies be imposed. You will be provided the required notice before the imposition of a new remedy or informed if another date will be set for the imposition of these remedies.

FAILURE TO ACHIEVE SUBSTANTIAL COMPLIANCE BY THE THIRD OR SIXTH MONTH AFTER THE LAST DAY OF THE SURVEY

If substantial compliance with the regulations is not verified by August 8, 2014 (three months after the identification of noncompliance), the CMS Region V Office must deny payment for new admissions as mandated by the Social Security Act (the Act) at Sections 1819(h)(2)(D) and 1919(h)(2)(C) and Federal regulations at 42 CFR Section 488.417(b). This mandatory denial of payments will be based on the failure to comply with deficiencies originally contained in the Statement of Deficiencies, upon the identification of new deficiencies at the time of the revisit, or if deficiencies have been issued as the result of a complaint visit or other survey conducted after the original statement of deficiencies was

issued. This mandatory denial of payment is in addition to any remedies that may still be in effect as of this date.

We will also recommend to the CMS Region V Office and/or the Minnesota Department of Human Services that your provider agreement be terminated by November 8, 2014 (six months after the identification of noncompliance) if your facility does not achieve substantial compliance. This action is mandated by the Social Security Act at Sections 1819(h)(2)(C) and 1919(h)(3)(D) and Federal regulations at 42 CFR Sections 488.412 and 488.456.

INFORMAL DISPUTE RESOLUTION

In accordance with 42 CFR 488.331, you have one opportunity to question cited deficiencies through an informal dispute resolution process. You are required to send your written request, along with the specific deficiencies being disputed, and an explanation of why you are disputing those deficiencies, to:

Nursing Home Informal Dispute Process
Minnesota Department of Health
Division of Compliance Monitoring
P.O. Box 64900
St. Paul, Minnesota 55164-0900

This request must be sent within the same ten days you have for submitting an ePoC for the cited deficiencies. All requests for an IDR or IIDR of federal deficiencies must be submitted via the web at: http://www.health.state.mn.us/divs/fpc/profinfo/ltc/ltc_idr.cfm

You must notify MDH at this website of your request for an IDR or IIDR within the 10 calendar day period allotted for submitting an acceptable electronic plan of correction. A copy of the Department's informal dispute resolution policies are posted on the MDH Information Bulletin website at: http://www.health.state.mn.us/divs/fpc/profinfo/infobul.htm

Please note that the failure to complete the informal dispute resolution process will not delay the dates specified for compliance or the imposition of remedies.

Questions regarding all documents submitted as a response to the Life Safety Code deficiencies (those preceded by a "K" tag), i.e., the plan of correction, request for waivers, should be directed to:

Mr. Patrick Sheehan, Supervisor
Health Care Fire Inspections
State Fire Marshal Division

F 156	Continued From page 3 During an interview on 5/6/14, at 3:15 p.m., LSW-A verified she was not able to locate the discontinuation of Medicare part A services letter for R56. A facility policy titled On Notification of Non-Coverage by Medicare, revised 5/96, indicated, "Social Worker to explain and give notice of non-coverage to resident; a. On day of admission or the day before the first day of non-coverage.... Social Worker to obtain signature of resident/responsible party." Based on interview and document review, the facility failed to provide liability and appeal notice for 1 of 3 residents (R56) whose demand bills were reviewed. Findings include: On 5/6/14, at 2:15 p.m., licensed social worker (LSW)-A was interviewed about the provision of the appropriate liability and appeals notice for R56 when Medicare payment for therapy services ended. LSW-A indicated R56 was admitted on 3/14/14 and was given a Notice of Exclusions from Medicare Benefits-Skilled Nursing Facility (NEMB-SNF) that indicated non-Medicare coverage due to "daily skilled care not needed." LSW confirmed with the therapy department that R56 was "picked up" for Medicare Part A coverage for occupational therapy services from 3/18/14 through 3/21/14, however, documentation	F 156	1. Social Worker will keep a runing list of Medicare covered residents and will show when notice of non coverage was given. 2. Policy updated with current information. d. Indicate how the facility plans to monitor its performance to make sure that solutions are sustained: 1. Social Worker will audit through discharge planning meetings and through notices given from therapy and/or nursing. 2. Social Worker will monitor discharge planning meetings on a weekly basis during Monday Medicare review. e. Dates when corrective action completed: 1. Policy will be implemented on May 26th, 2014 2. Education with therapy about earlier notice of non coverage.

DEPARTMENT OF HEALTH

Protecting, Maintaining and Improving the Health of Minnesotans

Electronically submitted
May 15, 2014

Mr. Daniel Swenson, Administrator
Centracare Health System - Long Prairie
20 Ninth Street Southeast
Long Prairie, Minnesota 56347

Re: Enclosed State Nursing Home Licensing Orders - Project Number S5244023

Dear Mr. Swenson:

The above facility was surveyed on May 5, 2014 through May 8, 2014 for the purpose of assessing compliance with Minnesota Department of Health Nursing Home Rules. At the time of the survey, the survey team from the Minnesota Department of Health, Compliance Monitoring Division, noted one or more violations of these rules that are issued in accordance with Minnesota Stat. section 144.653 and/or Minnesota Stat. Section 144A.10. If, upon reinspection, it is found that the deficiency or deficiencies cited herein are not corrected, a civil fine for each deficiency not corrected shall be assessed in accordance with a schedule of fines promulgated by rule of the Minnesota Department of Health.

To assist in complying with the correction order(s), a "suggested method of correction" has been added. This provision is being suggested as one method that you can follow to correct the cited deficiency. Please remember that this provision is only a suggestion and you are not required to follow it. Failure to follow the suggested method will not result in the issuance of a penalty assessment. You are reminded, however, that regardless of the method used, correction of the deficiency within the established time frame is required. The "suggested method of correction" is for your information and assistance only.

You have agreed to participate in the electronic receipt of State licensure orders consistent with the Minnesota Department of Health Informational Bulletin 14-01, available at http://www.health.state.mn.us/divs/fpc/profinfo/infobul.htm . The State licensing orders are delineated on the attached Minnesota Department of Health orders being submitted to you electronically. The Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. Tag numbers have been assigned to Minnesota state statutes/rules for Nursing Homes.

The assigned tag number appears in the far left column entitled "ID Prefix Tag." The state statute/rule number and the corresponding text of the state statute/rule out of compliance is listed in the "Summary Statement of Deficiencies" column and replaces the "To Comply" portion of the correction order. This column also includes the findings that are in violation of the state statute after the statement, "This Rule is not met as evidenced by." Following the surveyors findings are the Suggested Method of Correction

and the Time Period For Correction.

PLEASE DISREGARD THE HEADING OF THE FOURTH COLUMN WHICH STATES, "PROVIDER'S PLAN OF CORRECTION." THIS APPLIES TO FEDERAL DEFICIENCIES ONLY. THIS WILL APPEAR ON EACH PAGE.

THERE IS NO REQUIREMENT TO SUBMIT A PLAN OF CORRECTION FOR VIOLATIONS OF MINNESOTA STATE STATUTES/RULES.

Although no plan of correction is necessary for State Statutes/Rules, please enter the word "corrected" in the box available for text. You must then indicate in the electronic State licensure process, under the heading completion date, the date your orders will be corrected prior to electronically submitting to the Minnesota Department of Health. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me.

You may request a hearing on any assessments that may result from non-compliance with these orders provided that a written request is made to the Department within 15 days of receipt of a notice of assessment for non-compliance.

Please note it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call me with any questions.

Sincerely,

Kate Johnston, Program Specialist
Licensing and Certification Program
Division of Compliance Monitoring

2 000	Initial Comments *****ATTENTION****** NH LICENSING CORRECTION ORDER In accordance with Minnesota Statute, section 144A.10, this correction order has been issued pursuant to a survey. If, upon reinspection, it is found that the deficiency or deficiencies cited herein are not corrected, a fine for each violation not corrected shall be assessed in accordance with a schedule of fines promulgated by rule of the Minnesota Department of Health. Determination of whether a violation has been corrected requires compliance with all requirements of the rule provided at the tag number and MN Rule number indicated below. When a rule contains several items, failure to comply with any of the items will be considered lack of compliance. Lack of compliance upon re-inspection with any item of multi-part rule will result in the assessment of a fine even if the item that was violated during the initial inspection was corrected. You may request a hearing on any assessments that may result from non-compliance with these orders provided that a written request is made to the Department within 15 days of receipt of a notice of assessment for non-compliance. INITIAL COMMENTS: On 5/5/14, 5/6/14, 5/7/14, & 5/8/14, surveyors of this Department's staff, visited the above provider and the following correction orders are issued. When corrections are completed, please sign and date, make a copy of these orders and return the original to the Minnesota Department of Health, Division of Compliance Monitoring, Licensing and	2 000	Minnesota Department of Health is documenting the State Licensing Correction Orders using federal software. Tag numbers have been assigned to Minnesota state statutes/rules for Nursing Homes.

21800	Continued From page 2 case of patients admitted to residential programs as defined in section 253C.01, the written statement shall also describe the right of a person 16 years old or older to request release as provided in section 253B.04, subdivision 2, and shall list the names and telephone numbers of individuals and organizations that provide advocacy and legal services for patients in residential programs. Reasonable accommodations shall be made for those with communication impairments and those who speak a language other than English. Current facility policies, inspection findings of state and local health authorities, and further explanation of the written statement of rights shall be available to patients, residents, their guardians or their chosen representatives upon reasonable request to the administrator or other designated staff person, consistent with chapter 13, the Data Practices Act, and section 626.557, relating to vulnerable adults. This MN Requirement is not met as evidenced by: Based on interview and document review, the facility failed to provide liability and appeal notice for 1 of 3 residents (R56) whose demand bills were reviewed. Findings include: On 5/6/14, at 2:15 p.m., licensed social worker (LSW)-A was interviewed about the provision of the appropriate liability and appeals notice for R56 when Medicare payment for therapy services ended. LSW-A indicated R56 was admitted on 3/14/14 and was given a Notice of Exclusions from Medicare Benefits-Skilled Nursing Facility	21800	Corrected

21800	Continued From page 3 (NEMB-SNF) that indicated non-Medicare coverage due to "daily skilled care not needed." LSW confirmed with the therapy department that R56 was "picked up" for Medicare Part A coverage for occupational therapy services from 3/18/14 through 3/21/14, however, documentation showing the appropriate end of service notice was provided to the resident, was unable to be located. R56 remained in the facility until discharge on 4/19/14. A review of a copy of an email sent by LSW-A to several staff members on 3/19/14, at 2:19 p.m., included, "[R56] last covered day is on Friday 3/21." A review of R56's invoice for charges included room charges for 3/14/14 through 3/17/14, and 3/22/14 through 4/19/14, indicating "private pay." During an interview on 5/6/14, at 3:13 p.m. via telephone speaker phone with LSW-A present, patient financial services indicated R56 was "covered under Medicare A for therapy services, from 3/18/14 through 3/21/14." Patient financial services stated, "I don't do the notices, [LSW-A] does." During an interview on 5/6/14, at 3:15 p.m., LSW-A stated, "I'm sorry, I don't know. I swear I had him sign it. I can't find it." A facility policy titled On Notification of Non-Coverage by Medicare, revised 5/96, indicated, "Social Worker to explain and give notice of non-coverage to resident; a. On day of admission, or b. The day before the first day of non-coverage. Also included, "C. Social Worker to obtain signature of resident/responsible party. D.
