Re: Results of State Licensing Survey

Dear Ms. Ykema:

The above agency was surveyed on February 1, 2, and 3, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing orders are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me. If further clarification is necessary, an informal conference can be arranged.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4309.

Sincerely,

A handwritten signature in black ink, appearing to read "Patricia Nelson", is written over a light blue horizontal line.

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS:

1. MN Rule 4668.0065 Subp. 3

INDICATOR OF COMPLIANCE: # 5

Based on record review and interview, the licensee failed to ensure annual infection control training was provided for two of two employees (A and B) reviewed. The findings include:

Employee A/registered nurse was hired August 8, 2006. Documentation indicated employee A received infection control training on August 9, 2006, and October 6, 2008. Employee B was hired August 18, 2006 as a direct caregiver. Documentation indicated employee B received infection control training August 18, 2006 and October 15, 2008.

When interviewed February 2, 2010, employee A indicated that she could not find any further infection control training for herself and did not know why employee B had not attended an October 2009 infection control in-service.

2. MN Rule 4668.0815 Subp. 2**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) reviewed and revised each client's service plan at least annually for one of one client's (#1) record reviewed. The findings include:

Client #1 was admitted and began receiving services January 27, 2008. The client's current service plan was dated January 27, 2008. There was no evidence that a RN reviewed the service plan since January 27, 2008.

When interviewed February 2, 2010, employee A indicated she did not know the service plan had to be reviewed and revised every year.

3. MN Statute §144A.46 Subd. 5(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview the licensee failed to ensure a background study was done for one of one (B) unlicensed direct care staff. The findings include:

Employee B was hired August 18, 2006, as a direct care staff. She had previously been employed December 24, 1997 through October 1, 2005. A background study had been done October 24, 2000.

When interviewed February 2, 2010, the administrator did not know another background study was required before the current hire date of August 18, 2006.

A draft copy of this completed form was left with Laurel Ykema, Administrator, at an exit conference on February 3, 2010. Any correction orders issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. Re: Results of State Licensing Survey

Dear Ms Ykema:

The above agency was surveyed on November 18,19,29,and 30, 2004 for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please feel free to call our office with any questions at (651) 215-8703.

Assisted Living Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use the Licensing Survey Form during an on-site visit to evaluate the care provided by Assisted Living home care providers (ALHCP). The ALHCP licensee may also use the form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview ALHCP staff, make observations, and review some of the agency's documentation. The nurses may also talk to clients and/or their representatives. This is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living services. Completing the Licensing Survey Form in advance may expedite the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.
