

Protecting, Maintaining and Improving the Health of Minnesotans

Certified Mail # 7008 2810 0001 2257 4186

April 7, 2010

Shelly Wiggen, Administrator
Assisted Living in Heritage Hall
11501 Masonic Home Drive
Bloomington, MN 55437

Re: Results of State Licensing Survey

Dear Ms. Wiggen:

The above agency was surveyed on February 8, 9, and 11, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing orders are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me. If further clarification is necessary, an informal conference can be arranged.

A final version of the Licensing Survey form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-5273.

Sincerely,

A handwritten signature in black ink, appearing to read "Patricia Nelson", is written in a cursive style.

Patricia Nelson, Supervisor
Home Care & Assisted Living Program

An equal opportunity employer

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: ASSISTED LVG IN HERITAGE HALL

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0855 Subp. 7

INDICATOR OF COMPLIANCE: # 6

Based on record review and interview, the licensee failed to ensure that the registered nurse (RN) specified in writing specific instructions for administering medications that were ordered on a PRN (pro re nata) basis for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services November 5, 2009, which included weekly medication set-ups by a nurse and medication administration by unlicensed employees. Client #1 had a prescriber’s order dated November 9, 2009, which read, Tylenol 325 milligrams 1-2 tablets orally QID (four times a day) PRN for pain. Documentation on the client’s PRN medication sheet indicated the client received Tylenol January 6, 2010. The amount of Tylenol administered was not documented. There were no written instructions by the RN for the unlicensed employees to follow to determine whether to administer one or two tablets of the Tylenol, nor were there instructions regarding the spacing of the Tylenol other than four times a day. Client #1 had a prescriber’s order for Lomotil one tablet orally QID PRN diarrhea. Documentation on the client’s PRN medication sheet indicated the client received Lomotil November

11, 2009, and November 29, 2009. There were no written instructions by the RN for the unlicensed employees to follow regarding the spacing of the Lomotil other than four times a day.

When interviewed February 10, 2010, employees B and C (unlicensed persons) stated they would determine how many Tylenol to administer by asking the client how many Tylenol he/she wanted. Employees B and C stated if the client was cognitively impaired, they were not sure how many Tylenol they would administer. When interviewed February 8, 2010, the RN confirmed there were no specific written instructions or guidance for the unlicensed employees to follow to determine if one or two tablets of Tylenol should be administered, and the spacing of the Tylenol and Lomotil other than QID.

2. MN Rule 4668.0865 Subp. 8

INDICATOR OF COMPLIANCE: # 6

Based on observation and interview, the licensee failed to ensure that medications that were centrally stored for one of one client (#1) record reviewed, were stored in locked compartments. The findings include:

Client #1's assessment, dated November 5, 2009, indicated the client needed assistance with medication administration and central storage of medications due to memory impairments, forgetfulness and took medications inappropriately, i.e., missed doses, took excessive amounts, or misplaced medications. The client's service plan, dated November 5, 2009, indicated that central storage of medications was provided for the client. Observations on February 9, 2010 revealed that after the client's medications were set-up in a medi-set container, and insulin syringes are filled by the nurse, the client's medi-set and insulin syringes were stored in an unlocked cupboard and unlocked refrigerator in the client's apartment.

Observations on February 9, 2010, revealed vials of insulin, tuberculin and a client's eye drops were stored in a refrigerator in the nursing office that was unlocked.

When interviewed February 9, 2010, the RN confirmed client #1, who was assessed as requiring central storage of medications due to cognitive deficits, had her medications stored in an unlocked cupboard and refrigerator in her apartment. The RN confirmed extra insulin, tuberculin and eye drops that were centrally stored in the nursing office were in an unlocked refrigerator.

A draft copy of this completed form was faxed to Mollie Sexe-Borman, RN-Home Care Manager, and was reviewed on a telephone exit conference on February 11, 2010. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-5273. After review, this form will be posted on the MDH website. July 13, 2004

Mr. Craig Abbott, Administrator
Assisted Living in Heritage Hall
11501 Masonic Home Drive
Bloomington, MN 55437

Re: Results of State Licensing Survey

Dear Mr. Abbott:

The above agency was surveyed on June 17 and 18, 2004 for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please feel free to call our office with any questions at (651) 215-8703.

Sincerely,

Jean Johnston, Program Manager

Assisted Living Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use the Licensing Survey Form during an on-site visit to evaluate the care provided by Assisted Living home care providers (ALHCP). The ALHCP licensee may also use the form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview ALHCP staff, make observations, and review some of the agency's documentation. The nurses may also talk to clients and/or their representatives. This is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living services. Completing the Licensing Survey Form in advance may expedite the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

Name of ALHCP: Assisted Living in Heritage Hall
 HFID # (MDH internal use): 20126
 Date(s) of Survey: June 17 and 18, 2004
 Project # (MDH internal use): QL20126005

Indicators of Compliance	Outcomes Observed	Comments
1. The agency only accepts and retains clients for whom it can meet the needs as agreed to in the service plan. (MN Rules 4668.0050, 4668.0800, Subp. 3, 4668.0815, 4668.0825, 4668.0845, 4668.0865)	Each client has an assessment and service plan developed by a registered nurse within 2 weeks and prior to initiation of delegated nursing services, reviewed at least annually, and as needed. The service plan accurately describes the client's needs. Care is provided as stated in the service plan. The client and/or representative understands what care will be provided and what it costs.	<input checked="" type="checkbox"/> Met <input type="checkbox"/> Correction Order(s) issued <input type="checkbox"/> Education provided
