Re: Results of State Licensing Survey

Dear Mr. Fuglie:

The above agency was surveyed on September 19 and 20, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean Johnston". The signature is written in a cursive style and is positioned above the typed name.

Jean Johnston, Program Manager

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: LINCOLN TERRACE

HFID #: 20734

Date(s) of Survey: September 19 and 20, 2007

Project #: QL20734004

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

**SURVEY RESULTS:**  All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

**1. MN Rule 4668.0810 Subp. 6**

**INDICATOR OF COMPLIANCE: # 4**

Based on record review and interview, the licensee failed to assure a discharge summary was completed for one of one discharged clients' (#2) records reviewed. The findings include:

Client #2 began services June of 2005. The last entry in the nurse's note was dated June 16, 2006. The June 15, 2007 nurses note described a phone contact from the client's family indicating the client had been to the hospital for pneumonia. When the R.N. and the care coordinator were interviewed on September 20, 2007, they both indicated phone calls were made to the county and the family as to when the client would be returning to the agency. They both indicated they did not receive any answers as the family wanted the client to return to the agency. The care coordinator stated the client's belongings were removed the "first of September." On September 20, 2007, the administrator stated, he saw the client in an area nursing home. There was no summary documented following the discontinuation of services.

**2. MN Rule 4668.0855 Subp. 5****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that the registered nurse (RN) was notified, either within twenty-four hours after it's administration, or within a time period that was specified by a registered nurse prior to the administration, when an unlicensed person administered a pro re nata (prn) medication to a client for one of one discharged clients' (#2) records reviewed. The findings include:

Client #2's record indicated she was given Tylenol 650 milligrams and Robitussin DM for coughing on June 14 and 15, 2007 by an unlicensed person. There was no evidence that an RN was notified of the administration of the PRN Tylenol and Robitussin DM. When interviewed September 20, 2007, the RN stated she did review computerized entries but did not always look at the medication administration record. She further indicated that she was not aware of the need to be notified of the administration of a PRN medication by an unlicensed staff member.

**3. MN Rule 4668.0870 Subp. 2****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that the disposition of medications was properly documented for one of one discharged client records (#2) reviewed. The findings include:

Client #2 was admitted to the hospital June of 2007 and subsequently was discharged to a nursing home. She had received central storage of medications while at the facility and there was no documentation of the disposition of the medications upon discharge. When interviewed September 20, 2007, the assisted living coordinator stated she had done nothing yet with the medications. She further stated she would flush them into the sewer system since it had been so long since the client resided there.

---

A draft copy of this completed form was left with Dwight Fuglie, Administrator, at an exit conference on September 20, 2007. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. Class F Home Care Provider general information is available by going to the following web address and clicking on the Class F Home Care Provider link:
