Re: Results of State Licensing Survey

Dear Mr. Kutter:

The above agency was surveyed on April 14, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in cursive script that reads "Jean M. Johnston".

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: LAKEVIEW RETIREMENT RESIDENCE

HFID #: 20747

Date(s) of Survey: April 14, 2008

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0815 Subp. 2

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) reviewed and revised each client’s evaluation and service plan at least annually or more frequently when there was change in the client’s condition that required a change in service for one of one client (#!) record reviewed. The findings include:

Client #1 began receiving services March 8, 2006. The last service plan dated January 12, 2007 indicated contracted services were medication set up one weekly and medication administration twice daily. There was no evidence of a review or revision of the service plan since January 12, 2007. There was no indication that on April 11, 2008, the client began receiving Lantus insulin 8 units every bedtime or the change in the clients’ condition. Client #1 had been receiving Actos 30 milligrams (mg.) daily by mouth since June, 1, 2007, prior to the order for insulin on April 11, 2008. Client #1 also had received Glucotrol XL 5 mg. daily for diabetes since June of 2006. When interviewed April 14, 2008, the registered nurse confirmed the service plan was not updated and did not indicate the addition of the insulin to the plan of care.

TO COMPLY: A registered nurse must review and revise a client's evaluation and service plan at least annually or more frequently when there is a change in the client's condition that requires a change in services.

TIME PERIOD FOR COMPLETION: Thirty (30) days

A draft copy of this completed form was left with Marlene Dahlquist R.N., at an exit conference on April 15, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
