Eagan, MN 55122

Re: Results of State Licensing Survey

Dear Ms. Fiala:

The above agency was surveyed on April 18, 21, 22, and 23, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean Johnston". The signature is written in a cursive style and is positioned above the typed name.

Jean Johnston, Program Manager

An equal opportunity employer

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: ALLIANCE ASSISTED LIVING SRVCS

HFID #: 20982

Dates of Survey: April 18, 21, 22, and 23, 2008

Project #: QL20982004

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0815 Subp. 4

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to provide a complete service plan for three of three clients' (#A1, #B1 and #B2) records reviewed. The findings include:

Client #A1's service plan dated April 3, 2008 noted home health aides services for bathing and dressing were to be provided seven days per week. The client #A1's weekly personal care sheet dated April 6, 2008 to April 12, 2008 indicated the client received a daily catheter dressing change, emptying and daily cleaning of the catheter bag, medication reminders and passive range of motion to her extremities. The client's service plan did not identify these home care services were being provided for the client. When interviewed on April 21, 2008, home health aide AB verified she provided the client cares as noted on the client's weekly personal care sheet.

Client #B1's weekly assisted living assignment sheet dated March 30, 2008 to April 5, 2008 indicated the cares the client received during the week included showers, skin care, shampoo, hair care, help with dressing, mobility assistance, and assistance with physical therapy exercises. The client's service plan dated November 19, 2007 did not identify specific home care services provided for the client. The service plan noted that "home health aide services" were being provided up to two hours per week with no specific description of the services provided.

Client #B2's weekly assisted living assignment sheet dated March 16, 2008 to March 22, 2008 indicated the care the client received during the week included shower, skin care, oral care, hair care, foot care, assistance with ambulation, medication reminders, and the application and removal of a Lidocaine medication patch. The client's service plan dated September 4, 2007, did not identify these home care services were being provided for the client. The service plan noted that "home health services" were being provided up to six hours per week with no specific description of the services provided.

When interviewed April 23, 2008, administrative employee AA stated she was unaware the home care services on the service plan were to be specific to each individual client.

A draft copy of this completed form was faxed to Diane Anderson, RN, Director of Nursing, on April 23, 2008. An onsite exit conference was held with agency staff and with Diane Anderson via telephone (she was at the Mankato office) on April 23, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. Class F Home Care Provider general information is available by going to the following web address and clicking on the Class F Home Care Provider link:
