Dear Mr. Olson:

The above agency was surveyed on June 8, 9, 22, 23 and 24, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing orders are delineated on the attached Minnesota Department of Health (MDH) correction order form. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me. If further clarification is necessary, an informal conference can be arranged.

A final version of the correction order form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Assisted Living Home Care Provider

## LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Assisted Living home care providers (ALHCP). ALHCP licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

### 1. MN Rule 4668.0815 Subp. 4

### AREA OF COMPLIANCE: #1

Based on record review and interview, the licensee failed to provide a complete service plan for three of three clients' (#A1., #A2, and #B1) records reviewed.

Client #A1's service plan, dated June of 2005, indicated home health aide (HHA) assistance and registered nurse (RN) supervision. Client #A1 received gastrostomy feeding and cares, medication administration and total assistance with bathing, dressing and toileting. The service plan did not include these services. In addition, the service plan did not include a contingency plan for essential services or who to notify in an emergency.

Client #A2's service plan, dated November of 2004, stated HHA assistance, all ADLs, and RN supervision. The service plan did not include medication administration, colostomy care, bladder catheter care, and oxygen use. The service plan did not include fees for services.

Client #B1's service plan, dated July of 2006, stated HHA and RN services. The service plan did not include drawing up insulin and medication administration. When interviewed September 26 and 27,

2006, the owner and the registered nurse confirmed the service plans were incomplete.
