Re: Results of State Licensing Survey

Dear Mr. Penk:

The above agency was surveyed on January 6 and 7, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-5273.

Sincerely,

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

**SURVEY RESULTS:**  All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

**1. MN Rule 4668.0810 Subp. 6**

**INDICATOR OF COMPLIANCE: # 4**

Based on record review and interview, the licensee failed to maintain a complete record for one of one client (#1) record reviewed. The findings include:

Client #1’s service plan, dated November 13, 2008, indicated she received medication setup by nursing. There was no documentation in the client’s record regarding the name, date, time and quantity of dosage of each medication that was set up. When interviewed January 6, 2010, the licensed practical nurse (LPN) stated she set up the client’s medications weekly, but did not document that she had set up the medications.

The client’s service plan also stated she was to receive monthly vital signs, blood pressure and weights. Her record lacked documentation that the services were completed monthly. When interviewed on January 6, 2010, the LPN confirmed the vital signs, blood pressure and weights were to be done monthly and had not been documented in the client’s record. When interviewed January 7, 2010, the registered nurse also confirmed the services had not been documented in the client’s record.

**2. MN Rule 4668.0855 Subp. 5****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) was informed within 24 hours of administration when unlicensed personnel administered pro re nata (PRN, as needed) for one of one client (#1) record reviewed. The findings include:

Client #1 had a physician's order, dated April 10, 2009, for Tylenol #3 with Codeine, one to two tablets by mouth, every four to six hours as needed for pain. The client's April 2009 medication administration record (MAR) noted she received Tylenol #3 on April 10, 11, 12, and 13, 2009 and the May 2009 MAR noted she received Tylenol #3 on May 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, and 31, 2009. The client's record lacked documentation that the RN had been notified of the administration of the PRN medication.

When interviewed January 7, 2010, the RN confirmed there was no documentation in the client's record that the RN had been notified of the administration of the PRN medication. The RN stated that the unlicensed personnel do notify the RN, but they do not document the call.

**3. MN Rule 4668.0855 Subp. 9****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to have complete medication records for one of one client (#1) record reviewed.

Client #1 had physician's orders, dated April 10, 2009, for Tylenol #3 with Codeine, one to two tablets, by mouth every four to six hours as needed for pain. The client's April 2009 medication administration record (MAR) indicated she received Tylenol #3 on April 10, 11, 12, and 13, 2009, but did not indicate whether one or two tablets were given to the client. The May 2009 MAR indicated she received Tylenol #3 on May 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, and 31, 2009, but did not indicate the time the medication was given.

When interviewed January 7, 2010, the registered nurse confirmed the medication record was not complete.

Re: Results of State Licensing Survey

Dear Mr. Penk:

The above agency was surveyed on October 5, 6, and 7, 2004 for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Assisted Living Home Care Provider  
**LICENSING SURVEY FORM**

Registered nurses from the Minnesota Department of Health (MDH) use the Licensing Survey Form during an on-site visit to evaluate the care provided by Assisted Living home care providers (ALHCP). The ALHCP licensee may also use the form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview ALHCP staff, make observations, and review some of the agency's documentation. The nurses may also talk to clients and/or their representatives. This is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living services. Completing the Licensing Survey Form in advance may expedite the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.
