Re: Results of State Licensing Survey

Dear Mr. Pakonen:

The above agency was surveyed on March 31 and April 1, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing orders are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me. If further clarification is necessary, an informal conference can be arranged.

A final version of the Correction Order Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4309.

Sincerely,

Assisted Living Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use the Licensing Survey Form during an on-site visit to evaluate the care provided by Assisted Living home care providers (ALHCP). The ALHCP licensee may also use the form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview ALHCP staff, make observations, and review some of the agency's documentation. The nurses may also talk to clients and/or their representatives. This is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living services. Completing the Licensing Survey Form in advance may expedite the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

 X All Indicators of Compliance listed above were met.

For Indicators of Compliance not met and/or education provided, list the number, regulation number, and example(s) of deficient practice noted:

Indicator of Compliance: # <u> 1 </u>	Regulation: MN Rule 4668.0815, Subp.4	<u> X </u> Education provided
Education: #1	Education was provided to the nursing services director and the owner regarding the residents right to know, in advance, any limits to the services available from a provider, and the providers grounds for termination of services. The service plan agreement and the HWS contract were rather vague as to what criteria would be considered to determine if the agency could no longer meet the residents needs. The nursing services director wrote a specific list of criteria and a plan to implement in the admissions packet before the survey exit.	

(Add boxes, if needed)

A copy of this completed form was left with Mary Karpe RN at an exit conference on (date) July 15, 2004 .
