Re: Results of State Licensing Survey

Dear Ms. Busche:

The above agency was surveyed on October 16, 17, and 18, 2006, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Jean Johnston, Program Manager

Assisted Living Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Assisted Living home care providers (ALHCP). ALHCP licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other violations may be cited depending on what systems a provider has or fails to have in place and/or the severity of a violation. Also, the results of the focused licensing survey may result in an expanded survey where additional interviews, observations, and documentation reviews are conducted.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 2

AREA OF COMPLIANCE: # 5

Based on record review and interview, the licensee failed to ensure that tuberculosis screening was completed for one of two unlicensed employees at site A (AB) records reviewed. The findings include:

Employee AB began working February of 2006 as a direct care staff. Employee AB's record lacked evidence that a tuberculosis screening had been done. When interviewed, October 17, and 18, 2006 the registered nurse indicated they were unable to find documentation of employee AB having received a tuberculosis screening.

2. MN Rule 4668.0855 Subp. 9

AREA OF COMPLIANCE: # 6

Based on record review and interview, the licensee failed to have complete medication records for four of four current clients' (A1, A2, B4, and B5) records reviewed. The findings include; Client A1 had a prescriber order dated June of 2006 for Levaquin 750mg one table daily for 14 days and Prednisone tab 50 mg one tablet daily for 5 days. The above medications were not included on client A1's medication administration record (MAR) for June 2006. When interviewed on October 16, 2006 registered nurses at site A confirmed the medications had not been documented as being given.

Client A1, A2, B4, and B5's September 2006 medication administration records (MAR) only indicated the name of the medication given and not the dosage of the medication to be given. When interviewed on October 16, and 17, 2006 the registered nurses at site A and site B confirmed the dose of the medication was not on the MAR.

3. MN Rule 4668.0865 Subp. 2

AREA OF COMPLIANCE: # 6

Based on observation, record review and interview, the licensee failed to ensure complete service plans for four of four current clients' (A1, A2, B4, and B5) records reviewed. The findings include:

When observed October 17 and 18, 2006 the medication storage cupboard contained medications that were centrally stored for clients A1, A2, B4, and B5. The service plans for clients A1, A2, B4, and B5 did not include central storage of medications. When interviewed on October 16, and 17, 2006 registered nurses at site A and site B confirmed the service plans did not include central storage of medications of medications.

A draft copy of this completed form was left with Libby Welsh at an exit conference on October 18, 2006. Any correction orders issued as a result of the on-site visit and the final Licensing Survey Form will arrive by certified mail to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After supervisory review, this form will be posted on the MDH website. General information about ALHCP is also available on the MDH website:
