Re: Results of State Licensing Survey

Dear M.Claire Melstrom:

The above agency was surveyed on November 17, 18, 21, 22, and 23, 2005, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please feel free to call our office with any questions at (651) 215-8703.

Sincerely,

Jean Johnston, Program Manager

Assisted Living Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use the Licensing Survey Form during an on-site visit to evaluate the care provided by Assisted Living home care providers (ALHCP). The ALHCP licensee may also use the form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview ALHCP staff, make observations, and review some of the agency's documentation. The nurses may also talk to clients and/or their representatives. This is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living services. Completing the Licensing Survey Form in advance may expedite the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

Name of ALHCP: HEALTH CORPS
 HFID # (MDH internal use): 21881
 Date(s) of Survey: November 17, 18, 21, 22, and 23, 2005
 Project # (MDH internal use): QL21881003

10. The agency has a current license. (MN Statutes 144D.02, 144D.04, 144D.05, 144A.46; MN Rule 4668.0012 Subp.17) <u>Note:</u> MDH will make referrals to the Attorney General's office for violations of MN Statutes 144D or 325F.72; and make other referrals, as needed.	The ALHCP license (and other licenses or registrations as required) are posted in a place that communicates to the public what services may be provided. The agency operates within its license(s).	<input checked="" type="checkbox"/> Met <input type="checkbox"/> Correction Order(s) issued <input type="checkbox"/> Education provided

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other violations may be cited depending on what systems a provider has or fails to have in place and/or the severity of a violation. Also, the results of the focused licensing survey may result in an expanded survey where additional interviews, observations, and documentation reviews are conducted.

Survey Results:

_____ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met and/or education provided, list the number, regulation number, and example(s) of deficient practice noted:

Indicator of Compliance	Regulation	Correction Order Issued	Education provided	Statement(s) of Deficient Practice/Education:
#1	MN Rule 4668.0845 Subp. 2 Services that require supervision by a registered nurse		X	<u>Education:</u> Provided
#3	MN Statute §626.557 Subd. 14 (b) Abuse prevention plans		X	<u>Education:</u> Provided
#8	MN Rule 4668.0855 Subp. 7	X	X	<p>Based on record review and interview, the agency failed to ensure that the registered nurse (RN) documented in each client's record specific procedures when unlicensed staff assisted clients with self-administration of medication for one of four clients' (#4) records reviewed. The findings include:</p> <p>Client #4 had a physician's order, dated November of 2005, for a Lidoderm Patch, two patches to the lower back 12 hours on and 12 hours off. The medication administration record listed "Lidoderm Patch" and stated that the home health aides applied the patch every morning. A review of the "client services record" indicated that unlicensed staff was applying the patch five days a week. There were no specific instructions documented for the unlicensed staff to follow in the application of the patch. When interviewed November 23, 2005, a RN verified that there was not a procedure for the application of the patch.</p> <p><u>Education:</u> Provided</p>

Indicator of Compliance	Regulation	Correction Order Issued	Education provided	Statement(s) of Deficient Practice/Education:
#8	MN Rule 4668.0855 Subp. 9 Medication records	X	X	<p>Based on record review and interview, the agency failed to have complete medication records for one of four clients' (#4) records reviewed. The findings include:</p> <p>Client #4 had a physician's order, dated November of 2005, for a Lidoderm Patch, two patches to the lower back 12 hours on and 12 hours off. The client received weekly medication set-up by the registered nurse (RN). The medication administration record listed "Lidoderm Patch" and stated that the home health aides applied the patch every morning. Unlicensed staff signed that the service "med patches" were provided on the "client services record." The Lidoderm Patch package provided to this reviewer indicated that each adhesive patch contained Lidocaine 700 milligrams. The "client services record" lacked the name, quantity of dosage and the time the patch was applied. When interviewed November 23, 2005, a RN verified the medication record was incomplete.</p> <p><u>Education:</u> Provided</p>

A draft copy of this completed form was left with M.Claire Melstrom at an exit conference on November 23, 2005. Any correction orders issued as a result of the on-site visit and the final Licensing Survey Form will arrive by certified mail to the licensee within 3 weeks of this exit conference (see Correction Order form HE-01239-03). If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 215-8703. After supervisory review, this form will be posted on the MDH website. General information about ALHCP is also available on the website:
