Re: Results of State Licensing Survey

Dear Ms. Adams:

The above agency was surveyed on April 20, 21, 22, and 23, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS:

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0810 Subp. 6

INDICATOR OF COMPLIANCE: # 4

Based on record review and interview, the licensee failed to ensure that services provided were documented in the client’s record for three of three clients’ (A1, B1, and C1) records reviewed. The findings include:

Client A1’s individual service plan with the date March 6, 2009, indicated she was to receive assistance with mobility, transferring, grooming, dressing, dining, bathing, laundry and with continence care. The “Designated Care Manager’s sign off sheet” was incomplete for March and April 2009. The March 2009 care sheets lacked documentation that the cares had been done 22 of 78 times that month. The April 2009 care sheets lacked documentation that the cares had been done 15 of 60 times that month.

Client B1’s individual service plan dated September 11, 2008, indicated she received assistance with transferring, dressing, bathing, laundry and with continence care. The “Designated Care Manager’s sign off sheet” was incomplete for March and April 2009. The March 2009 care sheets lacked documentation that the cares had been done for 8 of 93 times that month. The April 2009 care sheets lacked documentation that the cares had been done 3 of 60 times that month.

Client C1's individual service plan dated October 23, 2008 indicated he received assistance with grooming, dressing, dining, bathing, laundry, and with continence care. The "Designated Care Manager's sign off sheet" was incomplete for March and April 2009. The March 2009 care sheets lacked documentation that cares had been done 11 of 93 times that month. The April 2009 care sheets lacked documentation that cares had been done 7 of 64 times that month.

When interviewed, April 22, 2009, the reminiscence coordinator confirmed that records lacked documentation that the cares had been completed as indicated on the clients' individual service plans. She stated it was difficult to get the documentation done completely.

2. MN Rule 4668.0845 Subp. 2

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) supervised unlicensed personnel who performed services that required supervision for three of three client (A1, B1, and C1) records reviewed. The findings include:

Clients A1, B1, and C1 began receiving services March 6, 2009, March 9, 2007, and April 26, 2004, respectively. Clients A1, B1, and C1 received services that required supervision including medication administration and total assist with activities of daily living. There was no evidence any supervisory or monitoring visits. When interviewed April 22, 2009, the RN stated she continually supervised the unlicensed staff, however she had not documented the supervisory visits to include which unlicensed personnel was being supervised in the clients' records.

A draft copy of this completed form was left with Alicia Adams, Executive Director at an exit conference on April 23, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. The findings of the focused licensing survey may result in an expanded survey.
