Re: Results of State Licensing Survey

Dear Ms. Hansen:

The above agency was surveyed on October 3, 4, and 5, 2006, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Assisted Living Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Assisted Living home care providers (ALHCP). ALHCP licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other violations may be cited depending on what systems a provider has or fails to have in place and/or the severity of a violation. Also, the results of the focused licensing survey may result in an expanded survey where additional interviews, observations, and documentation reviews are conducted.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0815 Subp. 1

AREA OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure that each client’s service plan was authenticated by the registered nurse (RN) for one of three clients’ (#2) records reviewed. The findings include:

Client #2’s service plan, dated October 4, 2005, lacked authentication by the RN. When interviewed by phone October 4, 2006, the RN indicated the service plan should have been signed. When interviewed October 4, 2006, the owner indicated that the RN did the service plan and was not sure why she had not signed it.

2. MN Rule 4668.0815 Subp. 2

AREA OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) reviewed and/or revised the client’s service plan at least annually for one of two client’s (# 1) records

reviewed. The findings include:

Client #1's service agreement was dated November 27, 2004. There was no indication that the RN had reviewed and/or revised the client #1's service agreement after November 27, 2004. When interviewed October 4, 2006, the RN indicated that she was not aware that the service agreement had not been reviewed annually.

3. MN Rule 4668.0815 Subp. 4

AREA OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure service plans were complete for two of two current client's (#1 and #2) records reviewed. The findings include:

Clients #1 and #2 both received central storage of medications and medication set up by the registered nurse (RN). Their service plans, dated November 27, 2004 and October 4, 2005, respectively, did not include central storage of medications or medication set up. When interviewed October 4, 2006, the RN verified the information and indicated the service plans would be more specific related to the services provided.

4. MN Rule 4668.0835 Subp. 3

AREA OF COMPLIANCE: # 5

Based on record review and interview, the licensee failed to ensure that unlicensed personnel who performed assisted living home care services, received eight hours of in-service training for each twelve months of employment for one of two employees (#B) records reviewed. The findings include:

Employee B started working June 1, 2004. Her personnel file indicated that she had one half hour of in-service training on July 27, 2005 and one half hour in-service training October 6, 2005. There was no evidence of further in-service training through the date of the survey. When interviewed October 4, 2006, employee B confirmed that she lacked the required in-service training hours.

5. MN Statute §144A.46 Subd. 5(b)

AREA OF COMPLIANCE: # 3

Base on record review and interview, the licensee failed to do a background check for one of two employees' (#C) records reviewed. The findings include:

Employee C was hired on November 30, 2004. Her record contained a copy of a background study done by the county on January 5, 2005. Her record lacked a copy of a background study by the Department of Human Services. When interviewed October 4, 2006, the owner indicated that when she opened up in June 2004, the county told her a background study by the county was sufficient.

A draft copy of this completed form was left with Jo Ann Hansen, Owner, at an exit conference on October 5, 2006. Any correction orders issued as a result of the on-site visit and the final Licensing Survey Form will arrive by certified mail to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After supervisory review, this form will be posted on the MDH website. General information about ALHCP is also available on the MDH website:
