Re: Results of State Licensing Survey

Dear Ms. Rocheleau:

The above agency was surveyed on January 8, 9, and 10, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Jean Johnston, Program Manager

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: PIERZ MEADOW PONDS INC

HFID #: 23849

Date(s) of Survey: January 8, 9 and 10, 2007

Project #: QL23849003

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0855 Subp. 9

INDICATOR OF COMPLIANCE: # 6

Based on record review and interview, the licensee failed to have complete medication records for one of two (#1) current client’s records reviewed. The findings include:

Client #1’s service plan, dated June of 2006, indicated the client received medication administration as a service. The record contained a physician order dated December 21, 2006, for Tylenol #3 one to two tablets every six hours as needed for pain. The record contained a physician order dated December 28, 2006 changing the Tylenol #3 to one tablet four times daily as needed. The December 29, 2006 medication administration record (MAR) indicated client #1 received two tablets of Tylenol #3 at 11:10 PM instead of one tablet per the new physician order. The record lacked documentation of the reasons why the medications were not administered as proscribed or any follow up procedures provided. The December 2006 MAR for client #1 listed the Tylenol #3 as Tylenol #3 one or two tablets by mouth every six hours, as needed, for pain and cough.

When interviewed January 9, 2007, the assistant manager/licensed practical nurse, stated, when she received the new Tylenol #3 order, December 28, 2006, on the MAR, for one tablet four times a day, as needed she had crossed out the “2” on the Tylenol #3 order, indicating the number of tablets to be given. She stated someone had put the “2” back onto the MAR.

2. MN Rule 4668.0860 Subp. 2**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview the licensee failed to have written prescriber orders for medications for one of two current client's (#1) records reviewed. The findings include;

Client #1 also had a physician order, dated June of 2006, for Ambien 10 milligrams at the hour of sleep. There were no further Ambien orders in the record. When observed January 9, 2007, Client #1's bubble pack of Ambien, was labeled as Ambian 12.5 milligrams. Client #1's medication administration records from June 2006 through January, 2007 indicated the client received Ambien CR 12.5 milligrams daily at the hour of sleep and a multivitamin daily. The record lacked a physician order for the multivitamin. When interviewed January 9, 2007, the assistant manager/licensed practical nurse, stated that after consultation with the pharmacy, the pharmacy had informed her that their records indicated client #1 had received Ambien CR 12.5 milligrams since admission June of 2006. They verified with the physician that this order and dosage was correct. She confirmed there was no order for the 12.5 milligram Ambien dosage or the multivitamin in the record.

A draft copy of this completed form was left with Paula Rocheleau, Owner; Jennine Engen, LPN/Manager, and Arlene Troness, LPN/Asst. Manager, at an exit conference on January 10, 2007. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
