Re: Results of State Licensing Survey

Dear Ms. Kinn:

The above agency was surveyed on October 12, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston". The signature is written in a cursive style.

An equal opportunity employer

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

<p>8. The provider is in compliance with MDH waivers and variances</p> <p>Expanded Survey</p> <ul style="list-style-type: none"> MN Rule 4668.0016 	<ul style="list-style-type: none"> Licensee provides services within the scope of applicable MDH waivers and variances 	<p><i>This area does not apply to a Focus Survey.</i></p> <p>Expanded Survey</p> <p><input checked="" type="checkbox"/> Survey not Expanded</p> <p><input type="checkbox"/> Met</p> <p><input type="checkbox"/> Correction Order(s) issued</p> <p><input type="checkbox"/> Education Provided</p> <p>Follow-up Survey # _____</p> <p><input type="checkbox"/> New Correction Order issued</p> <p><input type="checkbox"/> Education Provided</p>

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

A draft copy of this completed form was faxed to Susan Johnson, R.N., for an exit conference on October 13, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. Class F Home Care Provider general information is available by going to the following web address and clicking on the Class F Home Care Provider link:

Re: Results of State Licensing Survey

Dear Ms. Kinn:

The above agency was surveyed on February 5 and 6, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 1

INDICATOR OF COMPLIANCE: # 5

Based on record review and interview, the licensee failed to ensure tuberculosis screening was completed before employees had direct contact with clients for two of two employee (A and B) records reviewed. The findings include

Employee A began working as a direct care staff March of 2008. She had no record of Tuberculosis screening.

Employee B began working as a direct care staff in June of 2005. Employee B had a negative Mantoux test dated June 6, 2006. There was no evidence of any subsequent tuberculosis screening for employee B.

When interviewed February 5, 2009 employee B stated she did not have any further tuberculosis screening. When interviewed February 5, 2009 the office manager stated Employee A must have record tuberculosis screening somewhere as she is employed at another agency as well.

2. MN Rule 4668.0815 Subp. 4**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to ensure that service plans were complete for one of one client (#1) record reviewed. The findings include:

Client #1's service plan dated November of 2007, included a contingency plan, emergency plan and supervision schedule by the registered nurse. The service plan did not identify the services or the persons providing the services, fees for services, or the need for central storage of medication.

3. MN Rule 4668.0845 Subp. 2**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to have a registered nurse (RN) supervise unlicensed personnel who perform services that require supervision for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services that required supervision including medication administration November 2007. There was no documentation in the client record of an RN supervisory visit within 14 days after initiation of services or of any supervisory or monitoring visits thereafter.

When interviewed February 5, 2009, the office manager stated that supervisory visits were being done but was not part of the client record. The visit was completed with various unlicensed staff doing cares on other clients. She also stated there was a misunderstanding of what the supervisory visit consisted of.

4. MN Rule 4668.0860 Subp. 9**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview the licensee failed to renew medication or treatment orders every twelve months for one of one client (#1) record reviewed. The findings include:

Client #1 was admitted with medication orders and began receiving services including medication administration November of 2007. Client #1 had no renewal of medication orders.

When interviewed February 5, 2009, the owner stated she was unaware that medication orders had to be renewed annually.

5. MN Rule 4668.0865 Subp. 3**INDICATOR OF COMPLIANCE: # 6**

Based on observation, record review and interview the facility failed to establish and maintain a system to control medications for one of one client (#1) record reviewed. The findings include:

Client #1 received assistance with medication administration and central storage of medications. Client #1 had an order dated November of 2007, for Gengraf 100 milligrams (mg) 1 orally in the morning and 1 in the evening, and an additional Gengraf 25 mg 1 orally in the morning. Client #1's medication administration record (MAR) indicated it had not been administered in December 2008, or January 2009 through February 6, 2009.

When interviewed, February 6, 2009, the owner stated the medication had been given but was unaware the medication was not identified on the medication administration sheet. She also stated that the local pharmacy that supplied the medication administration record with the medications to be administered. The Gengraf was supplied from a non-local pharmacy and thus was not included on the MAR.

A draft copy of this completed form was left with Terri Kinn at an exit conference on February 6, 2009. Any correction orders issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. Re: Results of State Licensing Survey

Dear Ms. Kinn:

The above agency was surveyed on September 4 and 5, 2007 for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston". The signature is written in a cursive style.

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: GARDEN LANE ASSISTED LIVING

HFID #: 23900

Date(s) of Survey: September 4 and 5, 2007

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0070 Subp. 3

INDICATOR OF COMPLIANCE: # 5

Based on record review and interview, the licensee failed to provide a job description for one of three employees' (A) records reviewed. The findings include:

Employee A was hired July, 2005. She functioned as the Owner/Home Health Aide, and did not have a job description available. When interviewed on September 5, 2007, the owner indicated she did not realize she needed to have a job description.

2. MN Rule 4668.0815 Subp. 1

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) established a service plan for three of three clients' (#1, #2 and #3) records reviewed. The findings include:

Clients #1, #2 and #3 began receiving services, in April 2007, October 2005, and May 2007, respectively, including medication administration. There were no service plans describing the services provided for clients #1, #2, and #3. When interviewed September 4, 2007, the owner stated the county took care of the service plans.

3. MN Rule 4668.0825 Subp. 4

INDICATOR OF COMPLIANCE: # 5

Based on record review and interview, the licensee failed to ensure that a registered nurse documented instructions for delegated nursing procedures for two of three clients' (#1 and #2) records reviewed, that received delegated nursing procedures. The findings include:

Client #1's record indicated he received blood sugar checks by unlicensed staff. Client #2's record indicated that she received assistance with transferring by unlicensed staff. There were no procedures for these task documented by the registered nurse. When interviewed September 4, 2007 and September 5, 2007, the registered nurse verified that there were no written instructions for clients #1 and #2s' delegated nursing procedures.

4. MN Rule 4668.0835 Subp. 4

INDICATOR OF COMPLIANCE: # 5

Based on observation, record review and interview, the licensee failed to maintain documentation that two of two unlicensed employees (A and B), who performed delegated nursing functions, had successfully completed training and passed a competency evaluation. The findings include:

Employees A and B were hired July 2005 and January 2006, respectively to provide direct care to clients. Employees A and B were observed September 4 and 5, 2007, providing direct care to clients. There was no documentation in employees A and B's records of training or competency evaluations.

When interviewed September 5, 2007, the registered nurse stated that employees A and B had the training, but the record did not reflect either the training or competency evaluations.

5. MN Rule 4668.0845 Subp. 2

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) supervised, or a licensed practical nurse monitored, unlicensed personnel who perform services that required supervision for three of three clients' (#1, #2 and #3) records reviewed. The findings include:

Client's #1, #2 and #3 began receiving services in April 2007, October 2005 and May 2007, respectively. Clients #1, #2 and #3 received services that required supervision including medication administration. There were no supervisory visits documented in client #1, #2 or #3's records. When interviewed September 5, 2007, the RN stated she was at the Housing with Services establishment one day a week and was not aware of the requirement.

6. MN Rule 4668.0855 Subp. 5**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that unlicensed personnel who administered pro re nata (PRN as needed) medications informed the registered nurse (RN) within 24 hours of administration or within a time period specified prior to administration, for one of three clients' (#1) records reviewed. The findings include:

Client #1's PRN administration "log" for August, 2007 indicated that unlicensed personnel administered PRN Haldol on August 2, 2007, and PRN Ativan on August 3, 4, 5 and 6, 2007. There was no evidence that the RN had been notified of the use of the Haldol and Ativan. When interviewed September 4, 2007, employee A indicated she was not aware that she needed to notify the registered nurse of the administration of PRN medications.

7. MN Rule 4668.0855 Subp. 6**INDICATOR OF COMPLIANCE: #6**

Based on record review and interview, the licensee failed to ensure that insulin was drawn up by a licensed nurse prior to injection for one of one unlicensed employee (A) who administered insulin by injection. The findings include:

When interviewed on September 4, 2007, employee A, an unlicensed caregiver, indicated she drew up client #1's insulin daily and adjusted the dosage for the client's sliding scale of insulin as ordered. Although employee A indicated that she had been trained on how to draw up the insulin, her record did not include evidence of this training.

When interviewed September 5, 2007, the registered nurse acknowledged that she was aware of this requirement and indicated she had been concerned about the unlicensed staff drawing up client #1's insulin.

8. MN Rule 4668.0855 Subp. 8**INDICATOR OF COMPLIANCE: # 6**

Based on observation, record review, and interview, the licensee failed to ensure that documentation of medication administration training was maintained for one of two unlicensed employees' (A) records reviewed who administered medications. The findings include:

Employee A was observed on September 4, 2007, to assist client #1 with medication administration. Employee A, who had been employed since July 2005, had no evidence of medication administration training in her record. When interviewed, September 4, 2007, employee A stated that the agency's

registered nurse had not trained her on medication administration, but she had received medication administration training from a former registered nurse that was employed with the agency.

9. MN Rule 4668.0860 Subp. 2**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to have written prescriber's orders for medications for two of three clients' (A and B) records reviewed. The findings include:

Client #1's medication record indicated he received Toprol XL every day, Seroquel twice a day, Methadone HCL as needed, and Omeprazole every day. There were no written prescriber's orders for client #1's Toprol XL, Seroquel, Methadone, and Omeprazole. When interviewed September 4, 2007, the owner stated the physician had sent the prescriptions to the pharmacy and the agency did not receive a copy of the prescriber's orders.

Client #2's medication record for August 2007 indicated she received Cephalexin three times a day for five days – August 1, 2007 to August 5, 2007. There was no evidence of written prescriber's orders for client #2's Cephalexin. In addition, client #2's medication administration record for September of 2007 indicated that the client received Detrol LA every day. There was no evidence of a written prescriber's order for the Detrol. When interviewed, September 4, 2007, the owner indicated the doctor placed the orders with the pharmacy and the pharmacy filled the prescription for the client. She stated they sometimes have a difficult time getting the written prescriber's orders.

10. MN Rule 4668.0865 Subp. 3**INDICATOR OF COMPLIANCE: # 6**

Based on observation, record review and interview, the facility failed to establish a system to control medications for two of two clients' (#1 and #2) records reviewed that received central storage of medications and medication administration. The findings include:

Client #1's medication record for August and September 2007 indicated the client received Seroquel two times a day, Toprol XL once daily, Methadone as needed, and Omeprazole once daily in the morning. There were no written prescriber's orders for these medications. There was a prescriber's order dated August 21, 2007 for Protonix every day, although the August and September 2007 medication record (MAR) did not include Protonix as being administered.

Client #2's medication administration record for September 2007 indicated Detrol LA is taken once a day. There was no prescriber's order for the Detrol. In addition, the client received Cephalexin three times a day from August 1 to 5, 2007. There was no written prescriber's order for the Cephalexin. When interviewed, September 4, 2007, the registered nurse indicated the prescriber's orders were such a mess because of not always receiving the written orders for medications and treatments. The registered nurse indicated she needed to go to the pharmacy and figure out the orders.

11. MN Rule 4668.0865 Subp. 9**INDICATOR OF COMPLIANCE: # 6**

Based on observation and interview, the licensee failed to ensure that schedule II medications were stored in a separately locked compartment that was permanently affixed to the physical plant. The findings include:

During a tour of the medication storage area on September 4, 2007, it was observed that schedule II medications such as Methadone were placed in a separate locked container inside a locked freestanding metal cabinet that contained other medications that were not Schedule II medications. The container was not permanently affixed inside the locked medication cabinet. The findings were reviewed with the owner during an interview on September 4, 2007.

12. MN Rule 4668.0870 Subp. 2

INDICATOR OF COMPLIANCE: # 6

Based on record review and interview, the licensee failed to ensure that the disposition of medications was documented for one of one discharged client (#3) record reviewed. The findings include:

Client #3 was discharged in July 2007 to a hospital. He had received central storage of medications while at the facility and there was no documentation of the disposition of the medications upon discharge. When interviewed, September 5, 2007, the owner and registered nurse stated the medications were sent with the family. The owner and registered nurse verified that there was no documentation related to the disposition of the client's medication in the client's record.

A draft copy of this completed form was left with Terri Kinn at an exit conference on September 5, 2007. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
