Edina, MN 55435

Re: Results of State Licensing Survey

Dear Ms. Olson:

The above agency was surveyed on December 5, 6, and 8, 2006, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Jean Johnston, Program Manager  
Case Mix Review Program

Assisted Living Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Assisted Living home care providers (ALHCP). ALHCP licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Assisted Living Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the ALHCP home care regulations. Any violations of ALHCP licensing requirements are noted at the end of the survey form.

Name of ALHCP: REM HEALTH INC

HFID #: 24322

Dates of Survey: December 5, 6 and 8, 2006

Project #: QL24322002

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other violations may be cited depending on what systems a provider has or fails to have in place and/or the severity of a violation. Also, the results of the focused licensing survey may result in an expanded survey where additional interviews, observations, and documentation reviews are conducted.

**SURVEY RESULTS:** \_\_\_ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

**1. MN Rule 4668.0855 Subp. 7**

**AREA OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that the registered nurse (RN) instructed unlicensed persons in the delegated task of insulin administration for one of one client (#2) record reviewed who received insulin injections. The findings include:

Client #2 receives medication administration from unlicensed personnel and Lantus insulin 20 units every morning. During the entrance interview on December 5, 2006, the director of nursing stated that the licensee accepts insulin dependent clients, but they must be able to administer their own injections. She stated, the LPN draws up the injections during the weekly medication set up and the unlicensed personnel observe the client administer their injection. When interviewed December 8, 2006, the client stated that the unlicensed personnel administer his insulin injection. A review of the medication administration record for December 8, 2006 indicated the insulin had been initialed as given by the unlicensed staff person working that morning. When asked about the initials, the unlicensed staff person stated she had administered the insulin to the client. When interviewed December 8, 2006, the RN supervisor stated she did not know that the unlicensed personnel were administering the insulin injections to client #2. She stated that when the client moved in, he was capable of administering his

own insulin. The RN verified that none of the unlicensed personnel were trained in insulin administration.

## 2. MN Rule 4668.0870 Subp. 2

### AREA OF COMPLIANCE: # 6

Based on record review and interview, the licensee failed to ensure that the disposition of medications was properly documented for one of one discharged client record (#3) reviewed. The findings include:

Client #3 was discharged from the facility September 18, 2006. The client had received central storage of medications while at the facility and there was no documentation of the disposition of his medications upon discharge. When interviewed December 5, 2006, the director of nursing verified that there was no documentation related to the disposition of the client's medications. When interviewed December 8, 2006, the LPN stated client #3's medications were given to him upon discharge and was unsure if this information had been documented in the client's record.

---

A draft copy of this completed form was left with Janet Fehler, RN, at an exit conference on December 8, 2006. Any correction orders issued as a result of the on-site visit and the final Licensing Survey Form will arrive by certified mail to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After supervisory review, this form will be posted on the MDH website. General information about ALHCP is also available on the MDH website:
