Re: Results of State Licensing Survey

Dear Mr. Bloemke:

The above agency was surveyed on August 30, September 4 and 5, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0815 Subp. 4

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure service plans were complete for two of three clients' (#1 and # 2) records reviewed. The findings include:

Clients #1 and #2 both received central storage of medications. Their service plans, dated August 2, 2007, and August 28, 2007, respectively, did not include central storage of medications.

Client #1's service plan also included Accu-Chek test to be done weekly by care provider. The service plan did not include who was to do the supervisory visits or the frequency of supervisory visits.

Client #2's service plan included glucose monitoring to be done four times per day and lotion to lower extremities to be done daily by care provider. The service plan did not include who was to do the supervisory visits or the frequency of supervisory visits.

When interviewed September 4, 2007, the registered nurse confirmed the service plans were incomplete.

2. MN Rule 4668.0835 Subp. 2**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that unlicensed persons who provided nursing services delegated to unlicensed personnel were qualified for one of two unlicensed employee's (C) records reviewed who provided direct care. The findings include:

Employee C was hired June 13, 2007, as an unlicensed person who provided direct care. There was no record of training or competency in the required topics in her employee records. When interviewed, September 4, 2007, the registered nurse stated she had started on July 2, 2007, and had not gone through the employee files.

3. MN Rule 4668.0855 Subp. 4**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that the registered nurse (RN) instructed unlicensed personnel on the procedures for assistance with self-administration of medications or medication administration for one of two unlicensed employees' (C) records reviewed. The findings include:

Employee C was hired on June 13, 2007, as an unlicensed person and provided direct care including medication administration and assistance with medication administration. There was no documentation in her personnel file that she had completed training for medication administration and assistance with medication administration.

When interviewed, September 4, 2007, the registered nurse stated that she was hired on July 2, 2007, and indicated there had not been a registered nurse to do training in the middle of June 2007, as the previous registered nurse had resigned.

When interviewed, September 4, 2007, employee C indicated that she was instructed by the previous registered nurse on her last day of work but had not been tested out.

A draft copy of this completed form was left with Jodi Swenson, RN, at an exit conference on September 5, 2007. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
