Re: Results of State Licensing Survey

Dear Ms. Peterson:

The above agency was surveyed on August 6 and 7, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

**SURVEY RESULTS:**  All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

**1. MN Rule 4668.0800 Subp. 1**

**INDICATOR OF COMPLIANCE: # 1**

Based on observation and interview, this home care provider was providing services to clients with out a current F class license; the housing with service registration for Someplace Special had also lapsed. The findings include:

On August 6, 2007, this reviewer examined the posted Class F license, which had expired on July 10, 2007 and housing with services registration expired July 31, 2007. When interviewed, by phone, August 6, 2007, the owner confirmed that she had applied on-line for renewal registration. Someplace Special was providing Class F home care services for five clients. On August 7, 2007, this reviewer contacted the MN Department of Health (MDH). Licensing and Survey for registration status. MDH indicated the housing with service registration was in process but, they had not received an application for the Class F home care provider license as of the date of this survey.

**2. MN Rule 4668.0815 Subp. 4****INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to provide a complete service plan for two of two clients' (#1 and #2) records reviewed. The findings include:

Client #1's service plan, dated November 21, 2006 and client #2's service plan dated November 15, 2006, stated that both clients were to receive medication set-up and assistance with activities of daily living. The service plan did not include frequency of these services nor fees for the indicated services. In addition both service plans did not include action to be taken if essential and non-essential services could not be provided. When interviewed August 6, and 7, 2007, the certified nursing assistance and the registered nurse confirmed the service plans were incomplete.

**3. MN Rule 4668.0825 Subp. 3****INDICATOR OF COMPLIANCE # 5**

Based on record review and interview, the licensee failed to ensure unlicensed persons performing delegated nursing services had completed the training and passed a competency evaluation for two of two unlicensed staff, (B and C) reviewed. The findings include:

Employee B was hired on July 1, 2007 as a certified nursing assistant (CNA) who performed delegated nursing services as medication administration. There was no documentation that she had received training for performing delegated nursing services. When interviewed August 6 and 7, 2007, the CNA and the registered nurse confirmed that medication administration training and competency evaluations had not been completed.

Employee C was hired on December 2001 as a CNA who performed delegated nursing services as medication administration. There was no documentation that she had received training for performing delegated nursing services. When interviewed August 6, 2007, the CNA stated she watched a video and was observed passing medications by the previous RN. When interviewed August 7, 2007, the RN confirmed there was no documentation to show medication training and competency.

**4. MN Rule 4668.0855 Subp. 3****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the agency failed to have medications set up by a nurse, physician, or pharmacist, for two of two clients' (#1 and #2). The findings include:

When interviewed August 6, 2007, the owner stated she was setting up medications since July 2006 and the certified nursing assistant (CNA) stated she had been setting up medications weekly from bottles to med boxes as of July 1, 2007. The owner stated she did foster care for ten years and she is not a licensed staff. The CNA indicated she sets up medication for all clients within the agency. Her personnel file indicated and she confirmed that she was an unlicensed staff. When interviewed August 7, 2007 the registered nurse (RN) indicated she stated to the owner that an RN needed to set up medications. The service plans for clients # 1 and #2 indicated the RN should set up medications for the residents.
