Re: Results of State Licensing Survey

Dear Mr. Honer:

The above agency was surveyed on February 5 and 7, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston". The signature is written in a cursive style.

Jean Johnston, Program Manager

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: PRAIRIE VIEW ASSISTED LVNG INC

HFID #: 24511

Date(s) of Survey: February 5 and 7, 2008

Project #: QL24511002

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0815 Subp. 4

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to provide a complete service plan for two of two current clients' (#1 and #2) records reviewed. The findings include:

Client #1's service plan, dated December 22, 2006, indicated the client received blood glucose monitoring and medication administration. Client #2's service plan, dated April 30, 2007, indicated the client received medication administration. The service plans did not identify the persons providing the service or the frequency of supervision or monitoring of these delegated nursing tasks. When interviewed February 5, 2008, the registered nurse/owner confirmed the service plans were incomplete.

2. MN Rule 4668.0845 Subp. 2

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to have a registered nurse (RN) provide supervisory visits for one of two clients' (#1) record reviewed. The findings include:

Client #1's record indicated she received blood glucose monitoring and medication administration. Client #1 began receiving services December 20, 2006. The latest documented supervisory visit for this client was October 20, 2007. When interviewed, February 5, 2008, the RN confirmed she had not done supervisory visits since October 20, 2007.

A draft copy of this completed form was left with Kari Honer, RN/Owner, after an exit conference on February 11, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
