Re: Results of State Licensing Survey

Dear Mr. Simmons:

The above agency was surveyed on February 5, 6, and 7, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Jean Johnston, Program Manager

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: HARBOR AT PEACE VILLAGE

HFID #: 24555

Date(s) of Survey: February 5, 6 and 7, 2007

Project #: QL24555001

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0815 Subp. 4

AREA OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to provide a complete service plan for two of two current clients' (#1 and #2) records reviewed. The findings include:

Client #1's service plan, dated October of 2006, indicated she received the health maintenance package monthly, daily assistance with oxygen, a daily continental breakfast and supper meal. The "health related service package" was a bundle of services client #1 received that included the following services: an evening meal, health monitoring by the registered nurse, shower assistance one time per week, nail care one time per month, central storage of medications, medication management and administration, physician coordination, monthly vitals and assistance with transportation to medical appointments. The service plan did not provide a description of the preceding services or the identification of the person who would provide the service.

Client #2 had a service plan dated October of 2006, indicating the client received the "health related package," a daily shower, daily am and pm grooming, daily bed making, escorting three times daily, and continental breakfast daily. The "health related service package" was a bundle of services client #2 received that included the following services: an evening meal, health monitoring by the registered

nurse, shower assistance one time per week, nail care one time per month, central storage of medications, medication management and administration, physician coordination, monthly vitals and assistance with transportation to medical appointments. The service plan did not provide a description of the preceding services to be provided or the identification of the person who would provide the service. When interviewed, February 5, 2007, the RN and Housing Manager confirmed the service plans were not complete.

2. MN Rule 4668.0870 Subp. 2

AREA OF COMPLIANCE: # 2

Based on record review and interview, the licensee failed to ensure that the disposition of medications was properly documented for one of one discharged client record (#3) reviewed. The findings include:

Client #3 was discharged January of 2007 and had received central storage of medications while at the facility. There was no documentation of the disposition of the client's medications upon discharge. When interviewed February 5, 2007, the registered nurse stated she had not completed the discharge summary and verified that there was no documentation related to the disposition of the client's medication.

A draft copy of this completed form was faxed to Laurie Hahn and a telephone exit conference was conducted on February 7, 2007. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
