November 6, 2008

Marcia Dooner, Administrator
West Bloomington Residence
10441 Johnson Avenue South
Bloomington, MN 55437

Re: Results of State Licensing Survey

Dear Ms. Dooner:

The above agency was surveyed on September 30 and October 1 and 2, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Name of CLASS F: WEST BLOOMINGTON RESIDENCE

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS: All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0855 Subp. 5

INDICATOR OF COMPLIANCE: # 6

Based on record review and interview, the licensee failed to ensure the registered nurse (RN) was notified, either within twenty-four hours after administration, or within a time period that was specified by a registered nurse prior to the administration, when an unlicensed person administered a pro re nata (PRN, as needed) medication to one of one client (#1) reviewed. The findings include:

Client #1 had an order for Ambien CR 12.5 mg PRN which was administered in August and June of 2008. There was no evidence the RN had been notified of the PRN medication administration to client #1. When interviewed September 30, 2008, the licensed practical nurse (LPN) stated there was not a system in place to notify a registered nurse when a PRN medication was administered. The LPN stated she was unaware that a registered nurse was to be notified regarding the administration of PRN medications.

2. MN Rule 4668.0860 Subp. 7**INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that an order received by facsimile was communicated to the supervising registered nurse (RN) within one hour of receipt for one of one client's (#1) record reviewed. The findings include:

Client #1's record contained physician orders sent by facsimile dated February of 2008, March of 2008 and September of 2008. There was no evidence the fax had been communicated to the RN. When interviewed September 30, 2008, the licensed practical nurse stated she did not inform the RN when a physician order was received by fax. She also indicated there was not a system in place to notify the RN when an order was received by fax. She stated she was not aware a RN was required to be notified when a faxed order was received.

3. MN Statute §144A.46 Subd. 5(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the licensee failed to submit employee information in a timely manner to the Minnesota Department of Human Services for a background study for two of two employees' (A and B) reviewed. The findings include:

Employee A was hired by the licensee July of 2008 as a licensed direct care staff. The employee's background study information was not submitted until September 30, 2008. Employee C was hired by the licensee November of 2007 as an unlicensed direct care staff. The employee's background study information was not submitted until December 21, 2008. When interviewed October 2, 2008, the human resource director stated employee C began to work directly with the clients on December 10, 2008. The human resource director stated there were times when, due to an oversight, background study information was not submitted during the employees' initial orientation which is the policy and the procedure of the agency.

A draft copy of this completed form was left with Marcia Dooner, Administrator at an exit conference on October 2, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. Re: Telephone Interview

Dear Ms. Dooner:

The information discussed during a telephone interview conducted by staff of the Minnesota Department of Health, Case Mix Review Program, on April 11, 2008, is summarized in the enclosed documents listed below:

Telephone Interview and Education Assessment form

A summary of the items discussed during the phone interview and a listing of the education provided during the interview

Resource Sheet for Home Care Providers

A listing of web-sites and documents useful to home care providers in assuring compliance with home care regulations

Please note, it is your responsibility to share the information contained in this letter and the information from this interview with your direct care staff and the President of your facility's Governing Body.

If you have any questions, please feel free to call our office at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Jean Johnston, Program Manager
