Re: Results of State Licensing Survey

Dear Ms. Schlaak:

The above agency was surveyed on September 18, 23, and 24, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

**SURVEY RESULTS:**  All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

**1. MN Rule 4668.0065 Subp. 3**

**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the agency failed to ensure infection control training was completed for one of one unlicensed employee’s (B) record reviewed. The findings include:

Employee B’s was hired April of 2007 as an unlicensed staff. Training records indicated an infection control test that was not signed or dated. When interviewed September 18, 2008 the housing manager indicated it was from orientation. No further infection control training was found. When interviewed September 23, 2008, the registered nurse indicated that the annual in service for infection control had not been completed in 2008.

**2. MN Rule 4668.0805 Subp. 2**

**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the licensee failed to provide orientation to home care requirements prior to providing client care for one of two employee (A and B) records reviewed. The findings include:

Employees' A and B were hired April of 2008 and May of 2007 respectively, as direct care staff. There was no evidence of orientation to home care in employee A's record. Employee B's record had documentation of orientation to home care requirements dated August 21, 2007. When interviewed September 23, 2008, the registered nurse indicated employee A had not had an orientation to home care requirements yet. When interviewed, September 23, 2008, the housing manager indicated employees A and B had worked without being orientated to home care first.

### **3. MN Rule 4668.0840 Subp. 3**

#### **INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure complete training for one of one unlicensed employee's (B) record reviewed. The findings include:

Employee B was hired April of 2007, to provide direct care. Employee B's core training record lacked evidence that the following topics were included in her training: maintaining a clean, safe, and healthy environment, and basic elements of body function that must be reported to a health care professional. When interviewed September 23, 2008 the housing manager indicated the previous nurse had done the training and she didn't know why it was not complete.

### **4. MN Rule 4668.0855 Subp. 6**

#### **INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview the licensee failed to ensure insulin was drawn up by a nurse, physician or pharmacist fir one of one client (#1) record reviewed. The findings include:

Nurse's notes, July 14, 2008, read that client #1 wanted to change from syringes to self use of an insulin pen. When interviewed, September 23, 2008, employee B stated she "primed the pen, brought the pen to the client, held the pen for the client while he dialed it, checked the dose he dialed, would report any difference to the client or the nurse and injected the insulin. When interviewed September 18, 2008, the housing manager agreed that employees were assisting in the above manner with the insulin pen.

### **5. MN Rule 4668.0855 Subp. 7**

#### **INDICATOR OF COMPLIANCE: # 6**

Based on interview and record review, the licensee failed to ensure that an unlicensed staff person demonstrated competency to a registered nurse (RN) before the medicatsion administration for one of one employee's (B) record reviewed. The findings include:

Client #1's January 2008 medication record indicated that employee B administered insulin on January 25, 2008. Competency testing for insulin injection was evaluated at an in service dated January 30, 2008. When interviewed, September 23, 2008, the RN indicated competency testing occurred after the documented administration to the client.

**6. MN Rule 4668.0865 Subp. 2****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to have a registered nurse develop a service plan for the provision of central storage of medications for one of one client's (#1) who received central storage of medications. The findings include:

Client # 1 began receiving central storage of medications December 27, 2007. Client #1's service plan did not include central storage. When interviewed September 23, 2008, the housing manger stated that the licensee provided central storage of medications for all of their clients and she was unaware that it needed to be on the service plan.
