Re: Results of State Licensing Survey

Dear Mr. Nelson:

The above agency was surveyed on March 18, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in cursive script that reads "Jean M. Johnston".

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

**SURVEY RESULTS:**  All Indicators of Compliance listed above were met.

**1. MN Rule 4668.0840 Subp. 3**

**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) taught the required elements of core training for one of one unlicensed employee’s (AB) record reviewed. The findings include:

Employee AB was hired January of 2008, to provide direct care. Employee AB’s core training record indicated a licensed practical nurse (LPN) provided training on the following topics: observing, reporting, and documenting client status and care; basic elements of body functioning and changes in body function that must be reported to an appropriate health care professional; infection control; and physical, emotional and developmental needs of clients and ways to work with clients who have problems in these areas. When interviewed March 18, 2008, the LPN stated she thought a LPN could provide this as core training as long as a registered nurse had delegated her to do so.
