Re: Results of State Licensing Survey

Dear Mr. Shaw:

The above agency was surveyed on November 4, 5, and 10, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Class F Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class F home care providers (Class F). Class F licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate to MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, talk with clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to explain to the MDH nurse what systems are in place to provide Class F Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance box. This form must be used in conjunction with a copy of the Class F home care regulations. Any violations of Class F Home Care Provider licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings of the focused licensing survey may result in an expanded survey.

SURVEY RESULTS:

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0825 Subp. 4**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that unlicensed employee's were instructed by the registered nurse (RN) in the proper method to perform a delegated nursing procedure and demonstrated to the RN that he/she was competent to perform the procedure for one of two unlicensed employee's (B) records reviewed. The findings include:

When interviewed on November 5, 2009, unlicensed employee B stated he observed and was instructed by another home health aide in the procedure to follow when performing an Accu-Chek. He stated he performed numerous Accu-Cheks since he was hired on October 2009.

Employee B's record lacked documentation that the employee had been instructed and competency tested by the registered nurse for Accu-Cheks.

When interviewed on November 5, 2009, the registered nurse stated she had trained employee B in many delegated tasks, but failed to complete his training for performing an Accu-Chek.

2. MN Statute §144A.46 Subd. 5(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the licensee failed to obtain a background study for one of three employee's (B) records reviewed. The findings include:

Employee B was hired by the company in 2007. The company obtained a criminal background study for the employee from the Bureau of Criminal Apprehension (BCA) on April 5, 2007. On October 15, 2009, employee B transferred into the Home Care department of the company. There was no evidence that a background study for the employee had been submitted to the Department of Human Services (DHS).

When interviewed on November 5, 2009, the Housing Director stated when employee B was hired by the company in 2007, the company was completing background studies through the BCA for the position the employee occupied in 2007. The Housing Director stated it was an oversight that the employee did not have a study submitted to DHS before the employee transferred to home care.

A draft copy of this completed form was left with Debbie Stenger, RN, Director of Nursing, at an exit conference on November 10, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
