RE: Results of State Licensing Survey

Dear Ms. Lom:

The above agency was surveyed on November 16 and 17, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing orders are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me. If further clarification is necessary, an informal conference can be arranged.

A final version of the Correction Order form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4309.

Sincerely,

Futricia Alsa

On November 16 and 17, 2010, a surveyor of this Department's staff visited the above provider and the following correction orders are issued. When corrections are completed please sign and date, make a copy of the form for your records and return the original to the above address.

Signed:_____ Date: _____

In accordance with Minnesota Statute §144A.45, this correction order has been issued pursuant to a survey. If, upon re-survey, it is found that the violation or violations cited herein are not corrected, a fine for each violation not corrected shall be assessed in accordance with a schedule of fines promulgated by rule of the Minnesota Department of Health.

Determination of whether a violation has been corrected requires compliance with all requirements of the rule provided in the section entitled "TO COMPLY." Where a rule contains several items, failure to comply with any of the items may be considered lack of compliance and subject to a fine.

You may request a hearing on any assessments that may result from non-compliance with these orders provided that a written request is made to the Department within 15 days of receipt of a notice of assessment for non-compliance.

No Violations Noted

Re: Results of State Licensing Survey

Dear Ms. Lom:

The above agency was surveyed on June 23 and 24, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Jean M. Johnston

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

<u>Please note</u>: Although the focus of the licensing survey is the regulations listed in the Indicators of *Compliance* boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SUR<u>VEY RESULTS:</u> All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 3

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to ensure infection control in-service training was completed for two of two employees (A and B) performing direct client care. The findings include:

Employees A and B began employment as direct care staff February of 2003 and August of 2003 respectively. Their training records lacked evidence of any infection control in-service documentation. Both employees performed direct care, including medication administration and tube feedings for client #1.

When interviewed June 23, 2008 employees A and B verified that they had not attended an infection control in-service. When interviewed June 23, 2008 the administrative assistant stated everyone had hand washing and produced a "Make Hand Washing a Healthy Habit" document that each employee was to have read but which included no training on the need for and use of protective gloves, gowns, and masks; disposal of contaminated materials and equipment, such as dressings, needles, syringes, and razor blades; disinfecting reusable equipment and disinfecting environmental surfaces.

2. MN Rule 4668.0100 Subp. 6

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to ensure eight hours of in-service training was completed for one of one unlicensed employee (B) record reviewed. The findings include:

Employee B began employment as direct care staff August of 2003. Employee B performed assistance with daily living tasks including skin care, positioning and range of motion, medication administration and tube feedings for client #1.

Employee B's record included documentation of three and one- half hours of in-service training in passive range of motion and medication administration. There was no evidence of any other in-service training in his record.

When interviewed, June 23, 2008 employee B stated there "was extensive training with occupational, physical and speech therapists every week in 2007. Therapists document in the client chart, not their teaching of me which was training." Employee B stated the licensee had recommended on-line classes however none had been taken. When interviewed, June 23, 2008 the registered nurse and the administrative assistant verified there was no additional in-service training for employee B than the aforementioned range of motion and medication administration.

3. MN Rule 4668.0130 Subp. 4

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to ensure competency evaluations were documented for one of one unlicensed employee (B) record reviewed. The findings include:

Employee B was hired August of 2003 to provide direct care. Employee B provided cares to client #1 which included assistance with activities of daily living, range of motion exercises, and tube feeding and medication administration. There was no evidence of training or competency for these tasks. When interviewed, June 23, 2008 the registered nurse stated that the previously employed nurse had trained employee B and that she thought everything was in place. When interviewed, June 23, 2008 employee B stated he had been trained and watched by the previous nurse.

4. MN Rule 4668.0140 Subp. 2

INDICATOR OF COMPLIANCE: #1

Based on record review and interview, the licensee failed to ensure service agreements were complete for one of one client (#1) record reviewed. The findings include:

Client #1 received services from the agency which included assistance with activities of daily living, range of motion exercises, and tube feeding and medication administration. Client #1's service agreement dated August of 2001 and amended February of 2007 lacked a description of the services to be provided and their frequency. When interviewed June 23, 2008 the administrative assistant provided a care plan that listed personal care, diet, home management and routine procedures that were performed daily. The care plan was not a part of the service agreement nor was it signed by the client or the client's responsible person.

A draft copy of this completed form was left with <u>Marlene McCartney</u>, <u>Administrative Assistant</u>, and <u>Trisha Rohde</u>, <u>Assistant Administrator</u>, at an exit conference on <u>June 24</u>, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301.
