Re: Results of State Licensing Survey

Dear Ms. Burdick:

The above agency was surveyed on July 24 and 25, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0100 Subp. 9**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) supervised unlicensed personnel who performed delegated services that required supervision for one of one client's (#1) record reviewed. The findings include:

Client #1's Service Agreement dated March 03, 2000, noted she was receiving PCA/HMK assistance as under county program which included digital stimulation for bowel program and emptying and changing of urinary drainage bag. The supervisory visit documented was done every 30-60 days instead of every 14 days.

During an interview July 24, 2008, the registered nurse confirmed that supervisory and/or monitoring visits had not been done every 14 days for the client.

2. MN Rule 4668.0140 Subp. 2**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to provide a complete service agreement for one of one client's (#1) record reviewed. The findings include:

Client #1's service agreement, dated March 09, 2000, stated she was to receive PCA/HMK services such as assist with personal cares, grooming, ROM exercises to all extremities, bowel program (digital stimulation) and emptying/changing of urinary drainage bag. The contingency plan for this client did not include who to contact in case of an emergency or if significant adverse change in condition, the method for the licensee to contact a responsible person of the client, if any, and circumstances in which emergency medical services are not to be summoned.

When interviewed July 25, 2008, the registered nurse/executive director of home care verified the client's service agreement was not complete concerning above documentation.

A draft copy of this completed form was left with Jo Burdick, RN, Executive Director, at an exit conference on July 29, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
