Re: Results of State Licensing Survey

Dear Ms. Leshner:

The above agency was surveyed on April 24, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink, which appears to read "Jean Johnston".

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0030 Subp. 5**INDICATOR OF COMPLIANCE: # 2**

Based on record review and interview, the licensee failed to ensure that written acknowledgement of receipt of the Minnesota Home Care Bill of Rights was obtained for one of one client's (#1) record reviewed. The findings include:

Client #1, who was a minor, began receiving home care services on August of 2007. There was no evidence in the client's record that the client's responsible person received a copy of the Minnesota Home Care Bill of Rights. When interviewed, April 24, 2008, the clinic manager stated she was sure the client's responsible person received a copy of the Bill of Rights, but verified there was no written acknowledgement of receipt in the client's record.

2. MN Rule 4668.0040 Subp. 2**INDICATOR OF COMPLIANCE: # 2**

Based on record review and interview, the licensee failed to provide to each client, a written notice of the agency's complaint procedure for one of one client's (#1) record reviewed. The findings include:

There was no evidence of a complaint procedure for the clients/client's responsible person to follow if they had a concern about the services they received. When interviewed April 24, 2008, the clinic manager confirmed a written notice of the agency's complaint procedure was not given to the clients, and stated she thought the information in the Home Care Bill of Rights was sufficient to meet this requirement.

3. MN Rule 4668.0065 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure the required annual infection control in-service training was provided for one of one employee's (B) record reviewed, who had direct contact with clients. The findings include:

Employee B was hired June of 2004 as a direct care staff. Her record did not include documentation of any infection control training. When interviewed on April 24, 2008, the clinic manager stated that she conducted a yearly training for all staff on blood borne pathogens, but did not document this training. In addition, the office manager verified that the training she conducted did not include all of the required topics related to infection control techniques used in the home.

4. MN Rule 4668.0075 Subp. 2**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to provide orientation to the home care requirements for one of one employee's (B) record reviewed, who provided direct contact to clients. The findings include:

Employee B was hired June of 2004, to provide direct care to clients. Her record did not include documentation of orientation to the home care requirements. When interviewed April 24, 2008, the clinic manager stated that all employees received the required content in the orientation except for an overview of the home care rules and statutes. The clinic manager verified that she had not documented the orientation.

5. MN Rule 4668.0140 Subp. 1

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the licensee failed to ensure a written service agreement was completed for one of one client's (#1) record reviewed. The findings include:

Client #1's had a form titled, "Service Agreement" dated February 1, 2005 which was an agreement for services when the client was in the Occupation Therapy Clinic setting. Client #1 received Occupational Therapy visits in the home setting beginning August 23, 2007. There was no written service agreement for these visits. When interviewed April 24, 2008, the clinic manager confirmed a service agreement was not completed when the agency began seeing the client in his home.

A draft copy of this completed form was left with Kristin Westbrook, Clinic Manager, at an exit conference on April 24, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
