RE: Results of State Licensing Survey

Dear Ms. Dobson:

The above agency was surveyed November 30, 2010, for the purpose of assessing compliance with state licensing regulations. State licensing orders are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me. If further clarification is necessary, an informal conference can be arranged.

A final version of the Correction Order form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4309.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure annual infection control in-service training was provided for two of two employees (A and B) records reviewed. The findings include:

Employees A and B were hired in August 1991 and September 1, 2005 respectively as therapists. Employees A and B records indicated they last had infection control training on January 8, 2007. There was no evidence of subsequent infection control training. During an interview, June 24, 2008 employee A stated that during regular staff meetings, infection control was addressed but attendance records were not done. Employee A stated that the annual training was not done in January 2008.

2. MN Rule 4668.0140 Subp. 2**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to provide a complete contingency plan for one of one discharged clients (#1) record's reviewed. The findings include:

Client #1's service agreement, dated July 21, 2006, did not include information on the action to be taken if services could not be provided or the method for the responsible person to contact a representative of the home care provider licensee whenever staff were providing services. When interviewed, June 24, 2008 employee A stated that what was noted as "scheduling change" on the service agreement was for the client, and there was not a method for the responsible person to contact a representative while cares were provided.

A draft copy of this completed form was left with Nancy Dobson, PT, CEO, at a phone exit conference on June 25, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
