Re: Results of State Licensing Survey

Dear Ms. Sullivan:

The above agency was surveyed on June 16, 17, and 18, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Jean M. Johnston

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

<u>Please note</u>: Although the focus of the licensing survey is the regulations listed in the Indicators of *Compliance boxes above, other rules and statutes may be cited depending on what system a provider* has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: _____ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0100 Subp. 2

INDICATOR OF COMPLIANCE: #6

Based on record review and interview the license failed to ensure the registered nurse (RN) specified in writing the procedures to administer the medication for one of one client (A1) record reviewed. The findings include:

Client A1's record indicated unlicensed personnel administered medications to client A1 per her g-tube. Client A1's record, did not contain written procedures for administering medications per the client's gtube. When interviewed, June 17, 2008 employee AC, an unlicensed caregiver stated the only written instructions pertaining to medications administration per g-tube were ones she herself had written in a note book in the client's home. Employee AC stated she wrote the instructions down for new employees who would be caring for client A1. When interviewed, June 17, 2008 the RN confirmed there were no written procedures for administering medication per g-tube for this client.

2. MN Rule 4668.0100 Subp. 4

INDICATOR OF COMPLIANCE: #5

Based on record review and interview the licensee failed to ensure the registered nurse (RN) specified in writing specific instructions for performing procedures for one of one client (A1) record reviewed. The findings include:

Client A1's supervisory visit notes and charting progress notes indicated the client received tube feedings at 80 cubic centimeters per hour. Client A1's record lacked evidence of instructions for tube feeding that were written by a registered nurse. When interviewed, June 17, 2008 employee AC, an unlicensed care giver, stated she provided tube feeding to the client and the only written instructions in the client home were those that she herself wrote for the new employees. When interviewed, June 17, 2008 the RN confirmed she had not written instructions for tube feeding.

3. MN Rule 4668.0100 Subp. 9

INDICATOR OF COMPLIANCE: #5

Based on record review and interview the licensee failed to ensure the registered nurse (RN) completed timely supervisory visits for one of one client (A1) reviewed. The findings include:

Client A1's record indicated unlicensed personnel administered feedings and medications to client A1 per her g-tube. When interviewed June 17, 2008 client A1 stated she had returned home from a nursing home in March of 2008. The supervisory visits in client A1's record were dated March of 2008 and April of 2008 (24 days later). The next supervisory visits were dated April of 2008 and May of 2008 (21 days later). When interviewed, June 17. 2008 the registered nurse confirmed the supervisory visits were not completed timely.

4. MN Rule 4668.0140 Subp. 1

INDICATOR OF COMPLIANCE: #1

Based on record review and interview the licensee failed to ensure that modifications of the service agreement were made in writing for one of one client (A1) reviewed. The findings include:

Client A1 started receiving services February of 2007. The client's service agreement, dated February of 2008, indicated the client was receiving the following services: bathing, ambulation, dressing, skin care, nail care, transfer, light housekeeping, laundry, meal preparation, and medication administration. The client's record indicated she returned home in March of 2008 from the nursing home and was now no longer ambulating and received tube feedings and range of motion. The service agreement had not been modified to reflect the changes in services. When interviewed June 17, 2008, the RN confirmed the service agreement had not been modified to reflect the current services being provided.

5. MN Rule 4668.0150 Subp. 3

INDICATOR OF COMPLIANCE: #6

Based on record review and interview the licensee failed to ensure there were physician's orders for medication given to clients for one of one client (A1) reviewed. The findings include:

Client A1's pro re nata medication (PRN) records indicated the client received a fleets enema on March 20, 2008 and Milk of Magnesia (MOM) 30 cubic centimeters on May 19, 20, and June 2, 2008. There were no physician's orders for the Fleets enema or the MOM in the client's record. When interviewed, June 17, 2008 the RN confirmed there were no physician's orders for the enema and medication.

A draft copy of this completed form was left with <u>Tamara Sullivan</u> at an exit conference on <u>June 18</u>, <u>2008</u>. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
