Terri Lynas, Administrator Accountable Home Care 11250 192<sup>nd</sup> Avenue Northwest Elk River, MN 55330

Re: Results of State Licensing Survey

Dear Ms. Lynas:

The above agency was surveyed on July 21, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Jean M. Johnston

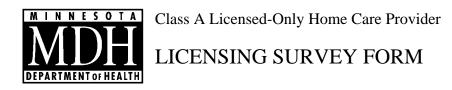

Jean Johnston, Program Manager Case Mix Review Program

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Name of Class A Licensee: ACCOUNTABLE HOME CARE

HFID #: 03859

<u>Please note</u>: Although the focus of the licensing survey is the regulations listed in the Indicators of *Compliance* boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

# SUR<u>VEY RESULTS:</u> All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

### 1. MN Rule 4668.0065 Subp. 3

# **INDICATOR OF COMPLIANCE: #5**

Based on record review and interview, the licensee failed to ensure annual infection control in-service training was provided for one of three employee's (C) records reviewed. The findings include:

Employee C was hired July 12, 2006, to provide direct client cares. Employee C's record lacked evidence of infection control training in the past 12 months. During an interview July 21, 2008, employee C stated she had not received any infection control training in the past 12 months.

#### 2. MN Rule 4668.0140 Subp. 2

### **INDICATOR OF COMPLIANCE: #1**

Based on record review and interview the licensee failed to ensure that the service agreement was complete for one of one client's (1) records reviewed. The findings include:

Client # 1 has been receiving services from the licensee since February, 1998. Client # 1's record contained a service agreement, dated October 4, 2007. The service agreement lacked the description of the services to be provided, their frequency; and the fees for services. On interview, July 21, 2008, the owner stated she was unaware the service agreement needed to include these items.

#### 3. MN Rule 4668.0160 Subp. 5

### **INDICATOR OF COMPLIANCE: #4**

Based on record review and interview the licensee failed to authenticate all entries made in the client's record for one of one client's (#1) records reviewed. The findings include:

Client #1's record contained a document entitled, "Accountable Home Care PDN Time and Activity Documentation" for the pay period of July 16, 2008 through July 31, 2008. On July 16, 2008 the documentation record indicted, by a check mark, that client #1 received Pulmicort 0.5 milligrams via nebulizer at 9AM. The document lacked evidence of who administered the medication. The bottom of the document contained a statement which said, "Your signature verifies the time and services entered above are accurate and the services were performed as specified in (client #1's) care plan." The signature line remained blank. On July 18, 2008 the documentation record indicated, by a check mark, that the client received lansoprazole 30 milligrams via JT, Levothyroxine 50 micrograms via JT, and pulmicort 0.5 milligrams via neb at 9AM. The document lacked evidence of who administered the medications. The signature line remained blank. On interview, July 21, 2008, the LPN stated that each nurse has a documentation record that is to be completed for each shift regarding the medications and cares they provide. However, they are to sign the signature line which verifies that they performed the services that are checked. The LPN verified that these two documentation records were not signed by the respective nurses.

## 4. MN Statute §144A.46 Subd. 5(b)

### **INDICATOR OF COMPLIANCE: #3**

Based on record review and interview the licensee failed to ensure that their employees had background studies performed for one of three employee's (B) records reviewed. The findings include:

Employee B was hired April 5, 2008. Employee's record lacked evidence of a background study. On interview, July 21, 2008, the owner verified that a background study had not been performed.

A draft copy of this completed form was left with <u>Terri Lynas</u> at an exit conference on <u>July 22, 2008</u>. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
