Re: Results of State Licensing Survey

Dear Ms. Konig:

The above agency was surveyed on July 23, 24, and 25, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston".

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0140 Subp. 2**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to ensure that service agreements were complete for three of three clients' (#1, #2, and #3) records reviewed. The findings include:

Clients #1, #2, and #3's service agreement dated June of 2005, November of 2005, and November of 2006, respectively, all had the signatures of the client. The service agreement did not indicate what services will be provided, who will be providing the service, the frequency of supervision, and the fees for the services. In addition, the service plans did not include who to contact in case of an emergency or significant change in the client's condition and the method for the licensee to contact the responsible person of the client.

When interviewed July 23, 2007, the registered nurse indicated that the client had a second part of the service agreement but she had not placed it or a copy of it in the client records. When interviewed July 24, 2007, client #1 indicated that he did not know about the service agreement. When interviewed July 24, 2007, client #2 indicated that she had the service agreement but could not remember where she put it.

2. MN Statute §626.557 Subd. 14(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the licensee failed to ensure that an individualized assessment and abuse prevention plan was developed for two of two current clients (#1 and #2) records reviewed. The findings include:

Client # 1 and #2's records did not include a vulnerable adult assessment or an abuse prevention plan. When interviewed July 24, 2007, the registered nurse confirmed that she had not done a vulnerable adult assessment or an abuse prevention plan for clients #1 and #2.

A draft copy of this completed form was left with Kim Bryce, RN at an exit conference on July, 25, 2007. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
