Re: Results of State Licensing Survey

Dear Ms. Mortensen:

The above agency was surveyed on June 4, 5, and 6, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink, reading "Jean M. Johnston", is positioned above the typed name.

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

SURVEY RESULTS: ____ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure annual infection control inservice training was completed for one of one professional employee (A) record reviewed. The findings include:

The registered nurse began providing services on November 11, 2002. There was no evidence of infection control training for 2005, 2006 and 2007. When interviewed, June 4, 2007, the registered nurse stated, "I get that with my license." On June 5, 2007 the registered nurse acknowledged that she was unable to find documentation for infection control training for 2005, 2006 and 2007.

2. MN Rule 4668.0100 Subp. 9**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview the licensee failed to ensure supervision of home health aide tasks for two of two clients' (#2 and #3) records reviewed. The findings include:

Client #2 was admitted to the agency on April 5, 2007, and began receiving services including shower, shampoo and hair care, shaving, dressing, turning and positioning, non sterile dressing changes, supra pubic catheter care, and transfers on April 6, 2007. An RN supervisory visit was completed on April 5, 2007, before services were initiated. There was no evidence of subsequent supervisory visits.

Client #3 was admitted to the agency on November 13, 2006, and began receiving home health services of bathing assistance on November 15, 2006, per the employee weekly time and flow sheet. The initial RN supervision note was documented on November 13, 2006, before services were initiated. There were no additional supervisory visits done prior to the client discontinuing services January 8, 2007.

When interviewed, June 6, 2007, the RN stated she did not realize the supervision had to be done after services were initiated, and the initial "supervision" was done by phone with the personal care attendants to orient them to the care needed.

3. MN Rule 4668.0140 Subp. 2**INDICATOR OF COMPLIANCE: # 1.**

Based on record review and interview the licensee failed to provide a complete service agreement for two of two active clients' (#1, and #2) records reviewed. The findings include:

Clients #1 and #2 began receiving services October 27, 2005, and April 5, 2007, respectively. Their service agreements each lacked documentation of an emergency contact. When interviewed, June 5, 2007, the registered nurse and administrative assistant indicated they did not know emergency contacts needed to be included on the service agreement.

Clients #1 and #2's admission information had client requests for cardio pulmonary resuscitation but was not included on the service agreements. When interviewed, June 5, 2007, client #1 indicated that

the request was for do not resuscitate and had been for a long time and was also noted on the apartment door. When interviewed, June 5, 2007, the administrative assistant stated she would let the registered nurse know.
