Re: Results of State Licensing Survey

Dear Ms. Lee:

The above agency was surveyed on January 28, 29, and 30, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Class A Licensed-Only Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS:

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0030 Subp. 2**INDICATOR OF COMPLIANCE: # 2**

Based on record review and interview, the licensee failed to provide the current Minnesota Home Care Bill of Rights for one of one client's (#1) records reviewed. The findings include:

Client #1 began receiving home care services August of 2006, and was provided with a copy of the MN Home Care Bill of Rights dated May 1994. There was no evidence the client received the current, updated, Bill of Rights.

When interviewed January 28, 2009, the administrator stated she provided a copy of the bill of rights that was in effect August 8, 2006. The administrator had obtained the updated July 2007 MN Home Care Bill of Rights, but had not yet provided it to the clients.

2. MN Rule 4668.0100 Subp. 5**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that unlicensed persons who performed home care services successfully completed training or demonstrated competency in the required topics, for one of one unlicensed employee (A) record reviewed. The findings include:

Employee A, an unlicensed direct care staff, was hired March of 2007. There was no record of training or competency in his record. There was a check-off list on the front of his record dated March of 2007, which included the topics required for home care training.

This sheet had only been checked and was not signed by anyone. When interviewed January 28, 2009, the administrator stated she was not sure who had trained the unlicensed personnel and was not aware of the requirement for the registered nurse to do competency evaluations.

3. MN Rule 4668.0100 Subp. 6**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that unlicensed personnel who performed home care services, received eight hours of inservice training for each twelve months of employment for one of one employee (A) record reviewed. The findings include:

Employee A was hired March of 2007 as a direct care staff. There was no evidence of inservice training for him for the year 2008.

When interviewed January 28, 2009, the administrator confirmed that employee A lacked the required inservice training hours. She also added that although the agency offered eight hours of inservice training each year, staff did not always attend.

4. MN Rule 4668.0140 Subp. 1**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview the licensee failed to establish a written service agreement with the individualized client's needs no later than the second visit after initiation of home care services for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services August of 2006. The record did include a copy of the "Admission Agreement" on admission. This "ADMISSION AGREEMENT" dated August of 2006, listed information related to consent for care, release of information, request for payment, a complaint procedure, etc. The agreement did not identify the individualized services to be provided to client #1.

When interviewed January 28, 2009, the administrator stated she was not aware that an individualized plan which addressed the client's care needs was required.

5. MN Statute §144A.46 Subd. 5(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the agency failed to have a background study done for one of two employee (B) record reviewed. The findings include:

Employee B was hired March of 2004, as a licensed direct care staff. The record did not include a background study for this agency. There was a background study in the record from October of 1996 but it was done for a hospital and was nontransferable.

When interviewed January 29, 2009, the administrator stated she thought since the RN was a professional and held a license she did not have to do a background study on her.

A draft copy of this completed form was left with Jualy Lee, Administrator, at an exit conference on January 30, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
