Re: Results of State Licensing Survey

Dear Ms. Philips:

The above agency was surveyed on August 20 and 21, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston". The signature is written in a cursive style.

Jean Johnston, Program Manager
Case Mix Review Program

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Name of Class A Licensee: COMFORTCARE NURSING SERVICES I

HFID #: 23068

Date(s) of Survey: August 20 and 21, 2008

Project #: QL23068005

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure the required annual infection control in-service training was provided for one of one employee (A) who had direct contact with clients. The findings include:

Employee A was hired February 6, 2004 as a direct care staff. Her record did not include documentation of any annual infection control training. When interviewed on August 20, 2008, employee A stated she did not realize she needed the annual infection control training.

2. MN Rule 4668.0100 Subp. 9**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to have a registered nurse (RN) supervise persons who perform home health aide tasks at the client's residence to verify that the work is being performed adequately for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services in June of 2007. Client #1 received services that required supervision including medication administration through a gastrostomy tube. There was documentation in the client records of RN 60 day home care reassessments done January 18, March 25, May 14 and August 18, 2008 with the July visit missing due to client being hospitalized. Supervisory visits for three out of four lacked evidence of supervision of unlicensed staff during the visit. The visit on August 18, 2008 was the only supervisory visit in which a care attendant was present. When interviewed August 20, 2008, the RN stated she visits the clients every two months and does a telephone visit every two months. She reviews the care but confirmed the unlicensed staff was present.

A draft copy of this completed form was left with Sayba Ngaima Philips, Administrator, at an exit conference on August 21, 2008. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
