Re: Results of State Licensing Survey

Dear Ms. Asempa:

The above agency was surveyed on August 19 and 20, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Jean M. Johnston

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.
