Re: Results of State Licensing Survey

Dear Ms. Brenden:

The above agency was surveyed on August 4, 5, and 6, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Based on observation, record review and interview, the agency failed to follow the conditions of the Class A Variance/Waiver for Central Storage of Medication, which was approved by the Minnesota Department of Health in July 1999.

The agency is licensed as a Class A Home Care Provider in accordance with the definition of MN Rule 4668.0003 Subpart 11. and was granted a variance to MN Rule 4668.0003 Subpart 11. The agency had not developed a service plan for one of one client (#1) record reviewed in accordance with the waiver requirements at MN Rule 4668.0865 Subp. 2. The findings include:

Observations of the medication storage cupboard on August 4, 2008, and documentation in client #1's record indicated that the client was receiving central storage of medications. The service plan for client #1 did not include central storage of medications. When interviewed August 5, 2008, the administrator and registered nurse confirmed the preceding information.

**2. MN Rule 4668.0065 Subp. 1****INDICATOR OF COMPLIANCE: # 5**

Employee B was hired in April 2005 and had a Mantoux test in April 2005. There was no documentation of any subsequent tuberculosis screening. When interviewed August 5, 2008, the registered nurse stated she did not have documentation of any further tuberculosis screening for employee B. Employee B also stated that he did not have any further tuberculosis screening after April 2005.

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) supervised unlicensed personnel who performed services that required supervision for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services in August 2005. The client received services that required supervision including medication administration and the administration of insulin injections. There was no documentation in the client's record of an RN supervisory visit within 14 days after initiation of services or of any supervisory or monitoring visits thereafter. When interviewed August 5, 2008, the RN stated she is at the agency on Monday mornings and supervises unlicensed staff as needed, however she has not been documenting the supervisory visits in the clients' records.

**4. MN Rule 4668.0150 Subp. 6****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure that prescriber's orders for medications were renewed every three months for one of one client (#1) record reviewed. The findings include:

Client #1 was admitted on August 9, 2005, with orders for medications. The most recent prescriber's orders were signed April 14, 2008. When interviewed August 5, 2008, the registered nurse stated she was unaware that medication orders had to be renewed every three months.

**5. MN Statute §144A.46 Subd. 5(b)****INDICATOR OF COMPLIANCE: # 3**

Based on documentation and interview, the licensee failed to ensure that a background study was completed for one of two employees' (A) records reviewed. The findings include:

Employee A was hired June 2005. Her records lacked documentation that a background study had been completed. When interviewed August 4, 2008, the owner indicated a background study had been submitted but was unable to locate it. The owner contacted the Department of Human Services (DHS) on August 4, 2008 and was told by DHS staff that there was no back ground study on file for employee A.
