Re: Results of State Licensing Survey

Dear Ms. Schuetzle:

The above agency was surveyed on October 31, November 1 and 2, 2007, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink, which appears to read "Jean Johnston".

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ____ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0100 Subp. 9**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) supervised unlicensed personnel who performed services that required supervision for one of three clients' (#1) records reviewed. The findings include:

Client #1s' service agreement, dated September of 2007 noted he was assisted with dressing, transferring, bathing, medication reminder, stretch extremities, and light range of motion, set up with nebulizer and medication assist on the October of 2007 service agreement. The supervisory visits were done on September 11, 25, and October 30, 2007.

During an interview October 31, 2007, the owner/ administrator who also is a registered nurse confirmed that supervisory visits had not been done every 14 days for the client.

When interviewed, November 1, 2007, employee E indicated that he gave client #1 noon pills and set up the client's nebulizer treatment once during his shift.

2. MN Rule 4668.0130 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that unlicensed persons who performed home health tasks demonstrated competency in the required topics, for three of three unlicensed employees' (A, B and E) records reviewed. The findings include:

Employees A, B, and E were hired October of 2007, July of 2006, and October of 2007 respectively as unlicensed personnel who performed home health aide tasks. There was no record of competency testing in there personnel records.

When interviewed October 31, 2007, the registered nurse/ owner stated she had trained the unlicensed personnel but did not do the competency testing as she was not aware of this requirement.

3. MN Rule 4668.0150 Subp. 3**INDICATOR OF COMPLIANCE: # 6**

Based on observation and interview the licensee failed to obtain a prescriber's signature on an order for medication for one of three clients' (#2) records reviewed. The findings include:

Client #1 had an order dated August of 2007, for Cefprozil (an antibiotic) 250 mg twice daily for ten days per g- tube that was not signed by a prescriber. The order was faxed to the physician for signature August of 2007. There was no signed prescriber order available for review. When interviewed October 31, 2007, the registered nurse/ owner confirmed that the prescriber's signature had not been obtained.

4. MN Statute §626.557 Subd. 14(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the agency failed to develop an individual abuse prevention plan for each vulnerable adult for two of two clients' (#1 and #2) records reviewed. The findings include:

Clients #1 and #2 began receiving services September of 2007 and July of 2005 respectively. Client # 1 had Cerebral Palsy, Epilepsy and multiple medical problems and needs. Client #2 had Multiple Sclerosis and is dependent on staff for his personal cares. There was no evidence of a vulnerable adult prevention plan in the client's records. When interviewed, November 1, 2007, the registered nurse confirmed that there was no abuse prevention plan for each client.

A draft copy of this completed form was left with Danielle Schuetzle at an exit conference on November 2, 2007.
