Re: Results of State Licensing Survey

Dear Ms Obidiegwu:

The above agency was surveyed on February 9, 10, and 11, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 1**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the owner failed to ensure that employees had tuberculosis screening prior to providing direct care to clients for two of two employee (A and B) records reviewed. The findings include:

Employee A and B began working as direct care staff November of 2008, and February of 2008, respectively. Employee A and B's records did not contain documentation of tuberculosis screening.

When interviewed February 9, 2009, the owner confirmed that there was no evidence of tuberculosis screening for employees A and B. On February 10, 2009, the owner stated that employee A had just provided evidence of a negative chest x-ray dated August 9, 2007 (14 months prior to providing direct care).

2. MN Rule 4668.0075 Subp. 1**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the owner failed to ensure that employees who provide direct care, complete the orientation to the home care requirements before providing home care services to the clients in two of two employee (A and B) records reviewed. The findings include:

Employee A and B began working as direct care staff on November of 2008, and February of 2008, respectively. Employee A and B's records did not contain documentation of an orientation to the home care requirements.

When interviewed February 10, 2009, employee B stated she had an orientation to the home care requirements when she was employed at another agency. No documentation of training was provided during the survey. When interviewed February 9, 2009, the owner stated she was unfamiliar with the class A rules and an orientation to the home care requirements was not provided to employee A or B.

3. MN Rule 4668.0100 Subp. 5**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the owner failed to ensure that unlicensed persons who performed home care services successfully completed training and demonstrated competency in the required topics, for one of one unlicensed employee (B) record reviewed. The findings include:

Employee B began providing unlicensed direct care services February of 2008. Employee B received education only on the topics of observation, reporting and documentation of client status and care or services provided, and mandated reporting February of 2008. Employee B's record otherwise did not contain evidence of the successful completion of training or competency evaluations by a Registered Nurse.

When interviewed February 10, 2009, employee B stated she had not received very much training from the owner, but she had received training from a former employer. When interviewed February 9, 2009, the owner stated she was unfamiliar with the class A training requirements.

4. MN Rule 4668.0140 Subp. 2

INDICATOR OF COMPLIANCE: # 1

Based on record review and interview, the owner failed to ensure that service agreements were complete for one of one client (1) record reviewed. The findings include:

Client 1 entered into a written service agreement January of 2008, but did not start receiving services until February of 2008. Client 1 received services from both licensed and unlicensed staff. The service agreement indicated unlicensed direct care services were to be provided. The service agreement did not indicate the provision of Registered Nurse services, the frequency of the services, the frequency of supervision or monitoring, and the fees for services, or a contingency action plan.

When interviewed February 9, 2009, the owner stated she was unfamiliar with the class A rules.

A draft copy of this completed form was left with Uche Obidiegwu, Owner, at an exit conference on February 11, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
