April 20, 2009

Jeff Leroy, Administrator Forever Life Home Health Care 223 Winkler Trail Cologne, MN 55322

Re: Results of State Licensing Survey

Dear Mr. Leroy:

The above agency was surveyed on February 27 and March 2 and 4, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Jean Johnston, Program Manager

Jean M. Johnston

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Name of Class A Licensee: FOREVER LIFE HOME HEALTH CARE

HFID #: 24761

Date(s) of Survey: February 27 and March 2 and 4, 2009

<u>Please note</u>: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ____ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0065 Subp. 3

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to ensure annual infection control in-service training was provided for one of three employee (C) records reviewed. The findings include:

Employee C was hired April of 2007 as an unlicensed direct care staff. The only infection control inservice training documented in her file was dated April 16, 2007.

When interviewed March 2, 2009, the owner stated that employee C would have completed the annual infection control in-service training at her other job at a nursing home. The owner confirmed that there was no documentation of the training in her personnel file.

2. MN Rule 4668.0075 Subp. 4

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to retain documentation that each employee had completed orientation to home care for three of three employee (A, B and C) records reviewed. The findings include:

Employees A, B and C were hired February of 2008, February of 2009 and April of 2007 respectively as direct care staff. There was no documentation in any of the employee files to verify that they had completed orientation to home care requirements.

When interviewed March 2, 2009, the owner stated that all employees received orientation to home care requirements using a Guide to Home Care. She confirmed that there was no documentation of the training in the employee files for any of the employees reviewed.

3. MN Rule 4668.0100 Subp. 5

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to ensure unlicensed persons performing home health aide tasks had completed the training and passed a competency evaluation for two of two unlicensed employee (B and C) records reviewed. The findings include:

Employees B and C were hired February of 2009 and April of 2007, as unlicensed staff to perform home health aide tasks in clients' homes. There was no documentation in either employee file of training or competency evaluations.

When interviewed February 27, 2009, the owner stated that employee B had been a certified nursing assistant but had not kept her certification current. She further stated that the nurse trains all new unlicensed staff and does not allow them to work until they are competent. The owner confirmed that there was no documentation of the training or competency for employee B.

When interviewed March 2, 2009, employee B stated that she had been a certified nursing assistant in the past and also had previously worked for two other home care agencies. She further stated that she had been trained by the nurse on the care plan specific to client #1.

When interviewed March 2, 2009, the owner stated that employee C was a certified nursing assistant and also worked currently at a nursing home so she assumed she was competent.

4. MN Rule 4668.0100 Subp. 6

INDICATOR OF COMPLIANCE: #5

Based on record review and interview, the licensee failed to ensure that unlicensed personnel who performed home health aide tasks, received eight hours of in-service training for each twelve months of employment for one of two employee (C) records reviewed. The findings include:

Employee C was hired April of 2007, as an unlicensed direct care staff. There was no documentation of any in-service training in her record since April 16, 2007.

When interviewed March 2, 2009, the owner stated that employee C was currently working as a nursing assistant at a nursing home. She further stated that the employee received at least eight hours of inservice training annually from the nursing home. The owner confirmed that there was no documentation of the training in her file.

5. MN Rule 4668.0100 Subp. 9

INDICATOR OF COMPLIANCE: #1

Based on record review and interview, the licensee failed to have a registered nurse (RN) supervise unlicensed personnel who perform services that require supervision for two of two client (#1 and #2) records reviewed. The findings include:

Clients #1 and #2 began receiving services from unlicensed personnel March of 2007 and July of 2007, respectively. The most recent supervisory visits in the record for client #1 were June 5, 2008 and September 23, 2008. The most recent supervisory visits in the record for client #2 were May 27, 2008 and September 24, 2008.

When interviewed February 27, 2009, the owner stated that she thought the supervisory visits were every ninety days.

6. MN Rule 4668.0140 Subp. 2

INDICATOR OF COMPLIANCE: #1

Based on record review and interview, the licensee failed to ensure service agreements were complete for two of two client (#1 and #2) records reviewed. The findings include:

Clients' #1 and #2 service agreements were dated August of 2007 and October of 2007, respectively. The service agreements lacked the frequency of sessions of supervision, fees for services and a plan for contingency action.

When interviewed March 2, 2009, the owner confirmed the service agreements were incomplete. She stated she did not realize these components needed to be included.

A draft copy of this completed form was faxed to <u>Tami LeRoy, Owner</u>, on <u>March 4, 2009</u>. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
