Forest Lake, MN 55025

Re: Results of State Licensing Survey

Dear Ms. Vetsch-Peterson:

The above agency was surveyed on December 7 and 8, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston". The signature is written in a cursive, flowing style.

Jean Johnston, Program Manager

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Name of Class A Licensee: LIFE SENIOR CARE

HFID #: 25121

Date(s) of Survey: December 7 and 8, 2009

Project #: QL25121004

***Please note:*** Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

**SURVEY RESULTS:** \_\_\_ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

**1. MN Rule 4668.0030 Subp. 5****INDICATOR OF COMPLIANCE: # 2**

Based on record review and interview, the licensee failed to obtain written acknowledgement of the client receiving the home care bill of rights for one of one client's(#1) record reviewed. The findings include:

Client #1's record lacked written acknowledgement of receiving the home care bill of rights.

When interviewed December 7, 2009, client #1 indicated her daughter received the paper work and she thought she had received the bill of rights. When interviewed December 7, 2009, the owner stated she did give the bill of rights to the client's daughter and confirmed there was no documentation to reflect this.

**2. MN Rule 4668.0100 Subp. 2****INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure unlicensed personnel were trained in medication administration prior to administering medications for one of one unlicensed employee's (B) record reviewed who administered medications. The findings include:

The progress notes in client #1's record indicated employee B administered Tylenol 650 mg on October 31, 2009, and Tramadol 50 mg on November 19, 2009, to client #1. Both of these medications were for pain and the bottle labels indicated they were both p.r.n. (as needed) medications. Employee B's record lacked evidence the registered nurse had instructed employee B on medication administration. There was no evidence employee B had reported the administration of these p.r.n. medications to the registered nurse.

When interviewed December 7, 2009, employee B confirmed she had administered the medications to client #1. When interviewed December 7, 2009, the registered nurse stated she was unaware employee B was administering medications and noted that employee B had only been trained in medication reminders and that was all that she should be doing.

**3. MN Rule 4668.0100 Subp. 4****INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure unlicensed personnel were instructed by the registered nurse (RN) in the proper method to perform a delegated nursing procedure and demonstrated to the RN that he/she was competent to perform the procedure for one of one unlicensed employee's (B) record reviewed. The findings include:

Client #1's record indicated the client had a thoracic catheter in place and employee B had emptied the thoracic catheter on November 19, 2009. Client #1's record lacked evidence of written instructions on how to perform this procedure with the thoracic catheter. Employee B's record lacked evidence she had been trained by the registered nurse related to the thoracic catheter.

When interviewed December 7, 2009, Employee B confirmed she had unclamped, drained and reclamped the thoracic catheter and had not been trained by the registered nurse prior to doing the treatment. When interviewed December 7, 2009, the registered nurse stated she was unaware the client had a thoracic catheter.

#### **4. MN Rule 4668.0150 Subp. 3**

##### **INDICATOR OF COMPLIANCE: # 6**

Based on record review and interview, the licensee failed to ensure there were physician's orders for medications for one of one client's (#1) record reviewed who received medication administration. The findings include:

Client #1's record indicated she received Tylenol 650 mg on October 31, 2009, and Tramadol 50 mg on November 19, 2009. Client #1's record did not contain written prescriber orders for these medications.

When interviewed December 7, 2009, the owner confirmed there were no written prescriber orders for these medications.

---

A draft copy of this completed form was left with Colleen Orde at an exit conference on December 8, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website. CLASS A Licensed-only Home Care Provider general information is available by going to the following web address and clicking on the Class A Home Care Provider link:
