Re: Results of State Licensing Survey

Dear Mr., Schicke:

The above agency was surveyed on June 23, 24, and 25, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

Class A Licensed-Only Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: _____ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0040 Subp. 2**INDICATOR OF COMPLIANCE: # 2**

Based on interview and record review, the licensee failed to provide clients with a complete notice related to the procedure for making a complaint. The findings include:

The licensee's complaint procedure included in the Client Handbook titled "Grievance Procedures" did not include the right to complain to the Minnesota Department of Health, Office of Health Facility Complaints.

When interviewed June 23, 2009, the administrator confirmed the complaint procedure did not include that the client had the right to complain to the Minnesota Department of Health, Office of Health Facility Complaints.

2. MN Rule 4668.0065 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on interview and record review, the licensee failed to ensure annual infection control in-service training was provided for one of two employees' (B) records reviewed, who was employed greater than twelve months. The findings include:

Employee B was hired to supervise direct care in March of 2008. Her record did not include evidence of infection control training.

When interviewed June 23, 2009, employee B stated she had infection control training at her other place of employment and acknowledged that she had not brought evidence of this training for the licensee's records.

When interviewed June 23, 2009, the administrator confirmed there was no record of infection control training for employee B since her date of hire.

3. MN Rule 4668.0075 Subp. 1**INDICATOR OF COMPLIANCE: # 5**

Based on interview and record review, the licensee failed to ensure that employees received orientation to home care requirements before providing home care services to clients for one of one unlicensed employee's (C) record reviewed. The findings include:

Employee C was hired to provide direct care August 14, 2008. Documentation in employee C's record indicated that she did not receive orientation to home care requirements until May 16, 2009.

When interviewed June 24, 2009, employee C confirmed she did not receive orientation to the home care requirements until May of 2009.

When interviewed June 23 2009, the administrator confirmed employee C did not receive an orientation to the home care requirements before providing home care services to clients.

4. MN Rule 4668.0075 Subp. 4

INDICATOR OF COMPLIANCE: # 5

Based on interview and record review, the licensee failed to retain documentation that each employee had completed orientation to home care requirements for two of three employees' (A and B) records reviewed. The findings include:

Employees A and B were hired to provide supervision of direct care on October 31, 2008, and March 2008, respectively. There was no evidence employees A and B had received orientation to home care requirements in their records.

When interviewed June 23, 2009, the administrator stated that employee B assisted to develop the orientation, but confirmed there was no documentation that employees A and B received orientation to the home care requirements.

5. MN Rule 4668.0100 Subp. 5

INDICATOR OF COMPLIANCE: # 5

Based on interview and record review, the licensee failed to ensure that unlicensed employees who performed home health aide tasks, successfully completed training and/or competency in all the required topics, for one of one unlicensed employee's (C) record reviewed. The findings include:

Employee C was hired August 14, 2008, as an unlicensed direct care staff. Employee C's record lacked evidence she was trained and/or competency tested in the following topics: observing, reporting, and documenting client status and care; maintenance of a clean, safe and healthy environment; medication reminders; appropriate and safe techniques in personal hygiene, grooming, bathing, skin care, care of the teeth and gums, care of prosthetic devices and assistance with toileting; adequate nutrition and fluid intake; communication skills; reading and recording TPR (temperature, pulse, respiration); basic elements of body functioning and changes that must be reported to health care professionals; recognition and handling of emergencies; physical, emotional and developmental needs of clients and ways to work with clients who have problems in these areas; and safe transfer and ambulation techniques; and range of motion and positioning.

When interviewed June 23, 2009, the administrator confirmed employee C had not received the aforementioned training and/or competency testing.

6. MN Rule 4668.0100 Subp. 9**INDICATOR OF COMPLIANCE: # 1**

Based on interview and record review, the licensee failed to ensure the registered nurse (RN) supervised unlicensed staff that performed services that required supervision within fourteen days after initiation of services and every sixty days thereafter for one of one client's (#1) record reviewed. The findings include:

Client #1 began receiving services August 18, 2008, which included assistance with her activities of daily living. There was no supervisory visit by the RN within fourteen days after services were initiated. The first supervisory visit documented by the RN was dated October 23, 2008. Subsequent RN supervisory visits were documented on January 1, 2009 and March 20, 2009. There was no evidence of RN supervisory visits at the client's residence after March 20, 2009.

When interviewed June 23, 2009, the administrator confirmed the lack of a fourteen day supervisory visit after services were initiated and subsequent timely sixty day RN supervisory visits thereafter.

7. MN Rule 4668.0140 Subp. 2**INDICATOR OF COMPLIANCE: # 1**

Based on interview and record review, the licensee failed to ensure the contents of the service agreement were complete for one of one client's (#1) record reviewed. The findings include:

Client #1 had a document dated August 11, 2008, titled, "Written Client Services Authorization" which was used by the licensee as the service agreement. This document did not include a description of the services to be provided, identification of the persons or categories of persons providing the services, the fees for the services, or the schedule or frequency of supervision and monitoring of the unlicensed staff.

When interviewed June 23, 2009, the administrator confirmed client #1's service agreement was not complete with the required content.

8. MN Statute §626.557 Subd. 14(b)**INDICATOR OF COMPLIANCE: # 3**

Based on interview and record review, the licensee failed to ensure that when areas of vulnerability were identified, that specific measures to be taken to minimize the risk of abuse to the client in that area were documented for one of one client's (#1) record reviewed. The findings include:

Client #1 had a form titled, "Vulnerable Adult Assessment" dated March 20, 2009, that identified the client as having the following areas of vulnerability; limited decision making ability; functional physical limitations; and not able to manage her own finances. There were no specific measures identified to assist in minimizing the risk of abuse in the identified vulnerable areas.

When interviewed June 23, 2009, the administrator confirmed that for the identified areas of vulnerability for client #1, there were no measures documented to assist in minimizing the risk of abuse to the client.

A draft copy of this completed form was left with Flavianna Tesha, Director, at an exit conference on June 25, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301.
