Re: Results of State Licensing Survey

Dear Ms. Mohamed:

The above agency was surveyed on May 5 and 6, 2008, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean Johnston".

Class A Licensed-Only Home Care Provider

LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS:

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0100 Subp. 5**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure that unlicensed persons who performed home care services, successfully completed training and demonstrated competency in the required topics, for one of one unlicensed employee (B) record reviewed. The findings include:

Employee B was hired March 10, 2008 as an unlicensed direct care staff. There was no evidence of training or competency in her record. When interviewed May 6, 2008, the registered nurse (RN) stated she had not trained the unlicensed personnel and was not aware of this requirement. The RN stated she had oriented the unlicensed personnel to the client's care, but had done no formal training or competency evaluation. She had only kept personal notes on the orientation, so there was no documentation in employee B's record.

2. MN Rule 4668.0100 Subp. 9**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to ensure that a registered nurse (RN) supervised unlicensed personnel who performed services that required supervision for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services March 10, 2008. The personal care attendant's time record indicated he receives assistance with personal cares, transferring, dressing, and grooming. There were no RN supervisory visits in the record. When interviewed May 6, 2008, the registered nurse confirmed the lack of supervisory visits.

3. MN Rule 4668.0140 Subp. 1**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to complete an individualized evaluation of the client's needs no later than the second visit after initiation of home care services for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services March 10, 2008. The record did not contain a service agreement established by the agency. When interviewed May 10, 2008, the owner stated she was not aware a service agreement was needed by the agency as the county had established a service plan for payment already.

4. MN Statute §626.557 Subd. 14(b)**INDICATOR OF COMPLIANCE: # 3**

Based on record review and interview, the licensee failed to develop an individual abuse prevention plan for one of one client (#1) record reviewed. The findings include:

Client #1 began receiving services March 10, 2008. There was no individual abuse prevention plan in the record. When interviewed May 5, 2008, the owner stated she was not aware the abuse prevention plan was required.

A draft copy of this completed form was left with Hawo Mohamed, Administrator/owner, at an exit conference on May 6, 2008.
