Re: Results of State Licensing Survey

Dear Mr. Isaak:

The above agency was surveyed on October 8 and 9, 2009, for the purpose of assessing compliance with state licensing regulations. State licensing deficiencies, if found, are delineated on the attached Minnesota Department of Health (MDH) correction order form. The correction order form should be signed and returned to this office when all orders are corrected. We urge you to review these orders carefully, item by item, and if you find that any of the orders are not in accordance with your understanding at the time of the exit conference following the survey, you should immediately contact me, or the RN Program Coordinator. If further clarification is necessary, I can arrange for an informal conference at which time your questions relating to the order(s) can be discussed.

A final version of the Licensing Survey Form is enclosed. This document will be posted on the MDH website.

Also attached is an optional Provider questionnaire, which is a self-mailer, which affords the provider with an opportunity to give feedback on the survey experience.

Please note, it is your responsibility to share the information contained in this letter and the results of this visit with the President of your facility's Governing Body.

Please feel free to call our office with any questions at (651) 201-4301.

Sincerely,

A handwritten signature in black ink that reads "Jean M. Johnston". The signature is written in a cursive style with a large, looped initial "J".

Jean Johnston, Program Manager

Class A Licensed-Only Home Care Provider
LICENSING SURVEY FORM

Registered nurses from the Minnesota Department of Health (MDH) use this Licensing Survey Form during on-site visits to evaluate the care provided by Class A Licensed-Only Home Care Providers. Class A licensees may also use this form to monitor the quality of services provided to clients at any time. Licensees may use their completed Licensing Survey Form to help communicate with MDH nurses during an on-site regulatory visit.

During an on-site visit, MDH nurses will interview staff, clients and/or their representatives, make observations and review documentation. The survey is an opportunity for the licensee to describe to the MDH nurse what systems are in place to provide Class A Licensed-Only Home Care services. Completing this Licensing Survey Form in advance may facilitate the survey process.

Licensing requirements listed below are reviewed during a survey. A determination is made whether the requirements are met or not met for each Indicator of Compliance. This form must be used in conjunction with a copy of the Class A Licensed-Only Home Care regulations. Any violations of the Class A licensing requirements are noted at the end of the survey form.

Name of Class A Licensee: PHILSAN PROFESSIONAL HOME HEALTH Care
 HFID #: 25988
 Date(s) of Survey: October 8 and 9, 2009
 Project #: QL25988003

Please note: Although the focus of the licensing survey is the regulations listed in the Indicators of Compliance boxes above, other rules and statutes may be cited depending on what system a provider has or fails to have in place and/or the severity of a violation. The findings, of the focused survey may result in an expanded survey.

SURVEY RESULTS: ___ All Indicators of Compliance listed above were met.

For Indicators of Compliance not met, the rule or statute numbers and the findings of deficient practice are noted below.

1. MN Rule 4668.0130 Subp. 3**INDICATOR OF COMPLIANCE: # 5**

Based on record review and interview, the licensee failed to ensure the training was complete for one of one unlicensed employee's (B) record reviewed. The findings include:

Employee B was hired September 18, 2009. Employee B's record lacked evidence of practical skills competency evaluations for medication reminders; appropriate and safe techniques in personal hygiene and grooming, including bathing and skin care, the care of teeth, gums, and oral prosthetic devices and assisting with toileting; reading and recording temperature, pulse, and respiration; safe transfer techniques and ambulation; and range of motion and positioning.

When interviewed, October 8, 2009, the registered nurse (RN) stated employee B had demonstrated how to read and record temperature, pulse, and respiration and perform safe transfer techniques. The RN stated she had marked verbal testing instead of the skills tests which were performed in these two areas and the other three areas had not received the required practical skill tests.

2. MN Rule 4668.0140 Subp. 2**INDICATOR OF COMPLIANCE: # 1**

Based on record review and interview, the licensee failed to ensure the service agreement was complete for one of one client's (#1) record reviewed. The findings include:

Client #1 began receiving assistance with daily living August 14, 2009. Client #1's service agreement dated August 12, 2009, lacked the fee charged and a schedule of supervision. A description of services was provided on the agency's care plan which was included as part of the service agreement.

When interviewed, October 8, 2009, the administrator was not aware the service agreement was incomplete.

A draft copy of this completed form was left with Nimo Ahmed, Owner, at an exit conference on October 9, 2009. Any correction order(s) issued as a result of the on-site visit and the final Licensing Survey Form will be sent to the licensee. If you have any questions about the Licensing Survey Form or the survey results, please contact the Minnesota Department of Health, (651) 201-4301. After review, this form will be posted on the MDH website.
